## **INDEPENDENT AUDITOR'S REPORT**

To the Honorable Mayor and Members of City Council  
City of Mountain Home, Arkansas

### **Report on the Audit of the Financial Statements**

#### ***Unmodified Opinions on Regulatory Basis of Accounting***

We have audited the accompanying regulatory basis financial statements of the general fund, street fund and other funds in the aggregate of the City of Mountain Home, Arkansas, as of and for the year ended December 31, 2022, and the related notes to the financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of the general fund, street fund, and other funds in the aggregate of the City of Mountain Home, Arkansas, as of December 31, 2022, and regulatory basis receipts, disbursements, and changes in fund balance, and the budgetary comparisons for the general fund and street fund for the year then ended in accordance with the financial reporting provisions of Ark. Code Ann. 10-4-412 described in Note 1.

#### ***Basis for Unmodified Opinions on Regulatory Basis of Accounting***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Mountain Home, Arkansas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Adverse Opinions on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph below, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Mountain Home, Arkansas, as of December 31, 2022, or the changes in financial position and, where applicable, cash flows thereof for the year then ended.

#### ***Basis for Adverse Opinions on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statements, the financial statements are prepared by the City on the basis of the financial reporting provisions of Ark. Code Ann. 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements permitted by the State of Arkansas.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Ark. Code Ann. 10-4-412, as described in Note 1, to meet the requirements permitted by the State of Arkansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Mountain Home, Arkansas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the City of Mountain Home, Arkansas' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are no conditions or events, considered in the aggregate, that raise substantial doubt about the City of Mountain Home, Arkansas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Emphasis of Matter***

As discussed in Note 1 to the financial statements, the City would have included another fund under accounting principles generally accepted in the United States of America (GAAP) as established by the *Government Accounting Standards Board*. However, under the regulatory basis, this fund is not required to be included as part of the reporting entity. Our opinions are not modified with respect to this matter.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the accompanying regulatory basis financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the regulatory basis financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole on the basis of accounting described in Note 1.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Capital Assets but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2023, on our consideration of the City of Mountain Home, Arkansas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Mountain Home, Arkansas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Mountain Home, Arkansas' internal control over financial reporting and compliance.

**CITY OF MOUNTAIN HOME, ARKANSAS  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Financial Reporting Entity**

The City of Mountain Home, Arkansas, was incorporated under the laws of the State of Arkansas and operates under an elected Mayor-Council form of government. The reporting entity includes all funds of the City. Under accounting principles generally accepted in the United States of America (GAAP) as established by the *Government Accounting Standards Board*, the following funds of the City would have been included in the reporting entity: Water and Wastewater. However, under Arkansas's regulatory basis described below, inclusion of these funds is not required and these funds are not included in this report.

**Basis of Presentation – Regulatory**

The financial statements are presented in accordance with the regulatory basis of presentation as prescribed or permitted by Arkansas Code Ann. 10-4-412. The law requires that the financial statements be presented on a fund basis with, as a minimum, the general fund and street fund presented separately with all other funds included in the financial statements presented in the aggregate. This law also stipulates that the financial statements consist of: a balance sheet; a statement of revenues (receipts), expenditures (disbursements), and changes in fund balances; a comparison of the final adopted budget to the actual expenditures for the general fund and street fund; notes to the financial statements; and a supplemental schedule of capital assets.

The regulatory basis of presentation is not in accordance with generally accepted accounting principles (GAAP). GAAP require that basis financial statements present government-wide and fund financial statements. Additionally, GAAP require the following major concepts: Management's Discussion and Analysis, separate financial statements for fiduciary fund types and other requirements for fiduciary fund types, specific procedures for the identification of major governmental funds, and applicable note disclosures. The regulatory basis of presentation does not require government-wide financial statements or the previously identified concepts.

The accounting system of the City is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with related liabilities and residual balances, and changes therein, which are segregated for purposes of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds are recognized in the accompanying regulatory basis financial statements.

**General Fund** – The General Fund is used to account for all financial resources not accounted for and reported in another fund. The following funds are reported with the general fund: General, Payroll Fund.

**Street Fund** – The Street Fund (a Special Revenue Fund) is used to account for the proceeds of specific revenue sources that are restricted or committed to disbursements for specified purposes other than debt service or capital projects. The Street Fund accounts for and reports the proceeds of state highway turnback, property taxes, and sales taxes that are restricted or committed for maintaining and constructing highways and streets.

**Other Funds in the Aggregate** – Other Funds in the Aggregate consist of all funds included in the financial statements except for the General and Street Funds. The following types of funds are included in this column as follows:

**Special Revenue Funds** – Special Revenue Funds are used to account for the proceeds of specific receipt sources that are restricted or committed to disbursements for specified purposes other than debt service or capital projects. The following Special Revenue Funds are reported with other funds in the aggregate: Breathalyzer, Criminal Justice, DWI/Drug Control, Public Safety Sales Tax, Court Automation, Court Administration (Amendment 80), Advertising and Promotion, Cemetery, 2021 Bonds Recreation Operations & Maintenance, Fire Department Act 833/Donation Fund and the American Rescue Plan Funds.

**CITY OF MOUNTAIN HOME, ARKANSAS  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

Capital Projects Funds – Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to disbursements for capital outlay, including the acquisition or construction of capital facilities and other capital assets. The following Capital Projects Fund are reported with other funds in the aggregate: Fire Department Apparatus Repair and Replacement Fund and the 2021 Bonds Recreation Improvements (including the 2021A and 2021B Construction accounts).

Debt Service Funds – Debt Service Funds are used to account for and report financial resources that are restricted, committed and assigned to disbursements for principal, interest and related costs. The following Debt Service Fund is reported with other funds in the aggregate: 2021 Bonds Debt Service (including the 2021 Debt Service account, the 2021 Redemption account, and 2021A and 2021B Cost of Issuance accounts, and the 2021 Expense account).

Custodial Funds - Custodial Funds are used to reports resources held by the reporting government in a purely custodial capacity (assets equal liabilities). The following Custodial Funds are reported with the other funds in the aggregate: District Court (including City Docket, Probation, Small Claims, and Appeals accounts), Police Fees, and Police Seizure.

**Basis of Accounting - Regulatory**

The financial statements are prepared on a regulatory basis of accounting as prescribed or permitted by Arkansas Code Ann. 10-4-412. This regulatory basis differs from accounting principles generally accepted in the United States of America. This basis recognizes assets, liabilities, fund balance, receipts, and disbursements when they result from cash transactions with a provision for payroll liabilities withheld and settlements pending. As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable, interfund receivables, and capital assets) and certain liabilities (such as accounts payable, interfund payables, and long-term debt) are not recorded in these financial statements.

The regulatory basis of accounting is not in accordance with generally accepted accounting principles (GAAP). GAAP require the following major concepts: Accrual basis accounting for government-wide financial statements, including depreciation expense, modified accrual basis of accounting for fund financial statements, separate identification of special and extraordinary items, inclusion of capital assets and debt in the financial statements, inclusion of the net pension liability in the financial statements, and applicable note disclosures. The regulatory basis of accounting does not require the previously identified concepts.

**Assets, Liabilities, and Fund Balances**

Cash and Cash Equivalents

For the purpose of financial reporting, “cash and cash equivalents” includes all demand accounts. Cash equivalents consist of money market funds investing in U.S. Treasury Securities and are stated at cost.

Fund Balance Classifications

1. Restricted fund balance - amounts are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
2. Committed fund balance - amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council (passage of an ordinance)
3. Assigned fund balance - amounts that are constrained by the City Council's intent to be used for specific purposes but are neither restricted nor committed.
4. Unassigned fund balance - amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund. This classification may also include negative amounts in other governmental funds, if disbursements incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

**Property Taxes**

A lien attaches to the real property in January and on personal property in June of each year. Property taxes are collectible beginning the first business day of March of the subsequent year, but are not considered delinquent until after October 15. Property taxes reflected as receipts on the financial statements include the property tax relief distribution made by the State of Arkansas. The purpose of this distribution is to reimburse the municipality for property tax credits in accordance with Arkansas Code.

**Budget Law**

State law requires that the following procedures be followed in establishing the budgetary data:

- a. Prior to December 1 of each year, the Mayor submits to the City Council a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed disbursements and the means of financing them.
- b. The proposed budget is discussed at a City Council meeting prior to adoption.
- c. Prior to February 1, the budget is legally enacted by action of the City Council.
- d. Appropriations lapse at the end of each year.
- e. Under certain conditions, the budget may be amended subsequent to the year-end.

The budgeted receipts and disbursements represent the formal operating budget adopted by the City Council, as amended by the Council during the year.

Basis of Accounting

The City prepared an annual budget on the regulatory basis of accounting for the General Fund, Street Fund and the other operating funds.

**CITY OF MOUNTAIN HOME, ARKANSAS  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**Fund Balance Classification Policies and Procedures**

The City's highest level of decision-making authority is its City Council. The establishment of amounts classified as committed fund balances and any subsequent modifications to such balances are the result of formal action taken by the City Council through passage of an ordinance. The City Council is authorized to assign amounts to a specific purpose, although a formal policy has not been established. There were no committed fund balances at year-end.

The City does not have a formal policy addressing whether it considers restricted or unrestricted amounts to have been spent when a disbursement is incurred for purposes for which both restricted and unrestricted amounts are available. For classification of fund balance amounts, restricted resources are considered spent before unrestricted. The City has a policy addressing which resources to use within the unrestricted fund balance when restricted, assigned or unassigned fund balances are available. The City's policy is that all restricted and assigned accounts are earmarked and will have its own revenue line item within the appropriate department's budget as well as its own purchases line item. The balance in each restricted or assigned account is always readily identified. When funds are no longer available, no further expenditures are made in that account. If there is a balance at year-end, it is identified and carried forward.

**NOTE 2: CASH AND INVESTMENTS**

**Legal Provisions for Deposits and Investments**

State law generally requires that municipal funds be deposited in federally insured banks located in the State of Arkansas. These deposits may be in the form of checking accounts, savings accounts, and/or time deposits. Public funds may be invested in eligible investment securities having a maturity of no longer than 5 years from the date of acquisition unless, as documented at the time of acquisition, the investment is to fund or support a specific purpose and there are no expectations that the investment will be sold before maturity; an Arkansas bank certificate of deposit; an account established by a local government joint investment trust; or an Arkansas financial institution repurchase agreement for eligible investment securities in which the seller agrees to repurchase the investment at a price including interest earned during the holding period as determined by the repurchase agreement.

**Cash Deposits with Financial Institutions**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City of Mountain Home, Arkansas will not be able to recover deposits or will not be able to recover collateral securities. The City's policy is to place deposits only in collateralized or insured accounts. As of December 31, 2022, all bank balances of the City were fully insured or collateralized.

**NOTE 3: LEGAL DEBT LIMIT**

**Property Tax Secured Bonded Debt**

The City is subject to a constitutional limitation for bonded indebtedness equal to 20% of the total assessed value of real and personal property as determined by the last tax assessment. As of December 31, 2022, the legal debt limit for the City was \$64,204,140. There were no property tax secured bond issues.

**Short-term Financing Obligations**

The City is subject to a constitutional limitation for short-term financing obligation equal to 5% of the assessed value of taxable property within the City as determined by the last tax assessment. ## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members of City Council  
City of Mountain Home, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying regulatory basis financial statements of the general fund, street fund, and other funds in the aggregate of the City of Mountain Home, Arkansas as of and for the year ended December 31, 2022, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2023. We issued an adverse opinion because the financial statements are prepared by the City on the basis of the financial reporting provisions of Ark. Code Ann. 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting as described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material. However, with respect to the regulatory basis of accounting described in Note 1, our opinions on the general fund, street fund, and other funds in the aggregate were unmodified.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Mountain Home, Arkansas' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Mountain Home, Arkansas' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Mountain Home, Arkansas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Mountain Home, Arkansas' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Other Issues**

The commentary contained in this section relates to the following officials that held office during 2022:

Mayor: Hillrey Adams  
Treasurer: Marshella Norell, Alma Clark  
District Court Clerk: Debra Jeffery  
Police Chief: Eddie Griffin

We reviewed the City's compliance with certain state laws concerning general and district court accounting, budgeting, purchasing, and investing and depositing of public funds.

Our audit procedures indicated that the above offices were in substantial compliance with Arkansas fiscal and financial laws.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
