LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

Independent Auditor's Report

City of Sheridan, Arkansas Officials and Council Members Legislative Joint Auditing Committee

Report on the Audit of the Financial Statements

Opinions

We have audited the regulatory basis financial statements of the City of Sheridan, Arkansas (City), which are comprised of the Balance Sheet – Regulatory Basis for the general fund, street fund, and other funds in the aggregate as of December 31, 2022, and the related Statements of Revenues, Expenses, and Changes in Fund Balances and Budget and Actual – General and Street Funds – Regulatory Basis for the year then ended, and the related notes to the financial statements.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the accompanying regulatory basis financial statements referred to above present fairly, in all material respects, the regulatory basis financial position of the general fund, street fund, and other funds in the aggregate of the City of Sheridan, Arkansas as of December 31, 2022; the regulatory basis revenues, expenditures, and changes in net position; and the budgetary comparisons for the general fund and street fund for the year then ended, in accordance with the financial reporting provisions of Ark. Code Ann. § 10-4-412 described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying regulatory basis financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the general fund, street fund, and other funds in the aggregate of the City of Sheridan, Arkansas, as of December 31, 2022, or the revenues, expenditures, and changes in net position and, where applicable, cash flows thereof for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the City on the basis of the financial reporting provisions of Ark. Code Ann. § 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements permitted by the State of Arkansas.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive

Emphases of Matter

As discussed in Note 1 to the financial statements, in 2022 the City adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 87, Leases. Our opinions are not modified with respect to this matter.

As discussed in Note 1 to the financial statements, the City would have included another fund under accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. However, under the regulatory basis, this fund is not required to be included as part of the reporting entity. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Ark. Code Ann. § 10-4-412, as described in Note 1, to meet the requirements permitted by the State of Arkansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the regulatory basis financial statements as a whole. The accompanying supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the regulatory basis financial statements. The information has been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory basis financial statements and other records used to prepare the regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory basis financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information listed in the table of contents is fairly stated in all material respects, in relation to the regulatory basis financial statements as a whole on the basis of accounting described in Note 1.

Other Information

Management is responsible for the other information included in the report. The other information is comprised of the schedules listed in the table of contents but does not include the regulatory basis financial statements, supplemental information, and our auditor's reports thereon. Our opinions on the regulatory basis financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the regulatory basis financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 24, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of the testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

City of Sheridan, Arkansas Officials and Council Members Legislative Joint Auditing Committee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory basis financial statements of the general fund, street fund, and other funds in the aggregate of City of Sheridan, Arkansas (City), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's regulatory basis financial statements, and have issued our report thereon dated April 24, 2024. We issued an adverse opinion because the financial statements are prepared by the City on the basis of the financial reporting provisions of Ark. Code Ann. § 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material. However, with respect to the regulatory basis of accounting described in Note 1, our opinions on the general fund, street fund, and other funds in the aggregate were unmodified.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulation, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also reported to management of the City in a separate letter dated April 24, 2024.

Purpose of This Report

The purpose of this report is solely to described the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, pursuant to Ark. Code Ann. § 10-4-417, all reports presented to the Legislative Joint Auditing Committee are matters of public record, and distribution is not limited.

Exhibit C

NOTE 1: Summary of Significant Accounting Policies

A. Financial Reporting Entity

The City of Sheridan was incorporated under the laws of the State of Arkansas and operates under an elected Mayor-Council form of government. The reporting entity includes all funds of the City. Under accounting principles generally accepted in the United States of America (GAAP) as established by the *Government Accounting Standards Board*, the following fund of the City would have been included in the reporting entity: Water and Sewer. However, under Arkansas's regulatory basis described below, inclusion of this fund is not required and this fund is not included in this report.

B. Basis of Presentation - Regulatory

The financial statements are presented in accordance with the regulatory basis of presentation as prescribed or permitted by Ark. Code Ann. § 10-4-412. The law requires that the financial statements be presented on a fund basis with, as a minimum, the general fund and street fund presented separately with all other funds included in the financial statements presented in the aggregate. This law also stipulates that the financial statements consist of a balance sheet; a statement of revenues, expenditures, and changes in fund balances; a comparison of the final adopted budget to the actual expenditures for the general and street funds; notes to financial statements; and a supplemental schedule of capital assets.

The regulatory basis of presentation is not in accordance with generally accepted accounting principles (GAAP). GAAP require that basic financial statements present government-wide and fund financial statements. Additionally, GAAP require the following major concepts: Management's Discussion and Analysis, separate financial statements for fiduciary fund types and other requirements for fiduciary fund types, specific procedures for the identification of major governmental funds, and applicable note disclosures. The regulatory basis of presentation does not require government-wide financial statements or the previously identified concepts.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with related liabilities and residual balances, and changes therein, which are segregated for purposes of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds are recognized in the accompanying regulatory basis financial statements.

<u>General Fund</u> - The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

<u>Street Fund</u> - The Street Fund (Special Revenue Fund) is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Street Fund accounts for and reports the proceeds of state highway turnback, property taxes, and sales taxes that are restricted or committed for maintaining and constructing highways and streets.

<u>Other Funds in the Aggregate</u> - Other Funds in the Aggregate consist of all funds included in the financial statements except for the General and Street Funds. The following types of funds are included in this column as follows:

<u>Special Revenue Funds</u> - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. See Schedules 1 and 2 for Special Revenue Funds as reported with other funds in the aggregate.

<u>Debt Service Funds</u> - Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. See Schedules 1 and 2 for the Debt Service Fund as reported with other funds in the aggregate.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Other Funds in the Aggregate (Continued)

<u>Custodial Funds</u> - Custodial Funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). See Schedule 1 for the Custodial Funds as reported with other funds in the aggregate.

C. Basis of Accounting - Regulatory

The financial statements are prepared on the regulatory basis of accounting as prescribed or permitted by Ark. Code Ann. § 10-4-412. This regulatory basis differs from accounting principles generally accepted in the United States of America. Revenues generally are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current period. However, most state aid received from the State Treasury is by state law revenue of the year in which it was received by the government. Expenditures generally are recorded when a liability is incurred. Liabilities incurred by the government on or before the end of the current period. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. As a result of the use of this regulatory basis of accounting, capital assets and long-term debt are not recorded in these financial statements. Pension trust funds are reported in a separate column as a part of supplementary information in order to provide users a better understanding of the entity as a whole.

The regulatory basis of accounting is not in accordance with generally accepted accounting principles (GAAP). GAAP require the following major concepts: Accrual basis of accounting for government-wide financial statements, including depreciation expense, modified accrual basis of accounting for fund financial statements, separate identification of special and extraordinary items, inclusion of capital assets and debt in the financial statements, inclusion of the net pension liability in the financial statements, and applicable note disclosures. The regulatory basis of accounting does not require the previously identified concepts.

In 2022, the City implemented Governmental Accounting Standards Board Statement No. 87, Leases. The significant/material effect on the Regulatory Basis of Accounting in the current period is that certain items included in debt service in the previous period are included in the expenditure/function code of the applicable opinion unit.

D. Assets, Liabilities, and Fund Balances

Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand, savings, and money market accounts, certificates of deposit, and treasury bills.

Settlements Pending

Settlements pending are considered fines, forfeitures, costs, and other funds that have not been transferred to the appropriate entities.

Fund Balance Classifications

- 1. Restricted fund balance amounts that are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- 2. Committed fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council (passage of an ordinance).

D. Assets, Liabilities, and Fund Balances (Continued)

Fund Balance Classifications (Continued)

- 3. Assigned fund balance amounts that are constrained by the City Council's intent to be used for specific purposes, but are neither restricted nor committed.
- 4. Unassigned fund balance amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund. This classification may also include negative amounts in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

E. Property Taxes

A lien attaches to the real property in January and on personal property in June of each year. Property taxes are collectible beginning the first business day of March of the subsequent year, but are not considered delinquent until after October 15. Property taxes reflected as revenues on the financial statements include the property tax relief distribution made by the State of Arkansas. The purpose of this distribution is to reimburse the municipality for property tax credits in accordance with Arkansas Code.

F. Budget Law

State law requires that these procedures be followed in establishing the budgetary data:

- a. Prior to December 1, the Mayor submits to the City Council a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- b. The proposed budget is discussed at a City Council meeting prior to adoption.
- c. Prior to February 1, the budget is legally enacted by ordinance or resolution of the City Council.
- d. Appropriations lapse at the end of each year.
- e. Under certain conditions, the budget may be amended subsequent to the year-end.

The budgeted revenues and expenditures represent the formal operating budget adopted by the City Council, as amended by the Council during the year.

Basis of Accounting

The City prepared an annual budget on the regulatory basis for the General Fund, Street Fund, and the other operating funds.

G. Fund Balance Classification Policies and Procedures

The Municipality's highest level of decision-making authority is its City Council. The establishment of amounts classified as committed fund balances and any subsequent modifications to such balances are the result of formal action taken by the City Council through passage of an ordinance. The City Council is authorized to assign amounts to a specific purpose, although a formal policy has not been established.

The Municipality does not have a policy addressing whether it considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available. For classification of fund balance amounts, restricted resources are considered spent before unrestricted. The Municipality does not have a policy addressing which resources to use within the unrestricted fund balance when committed, assigned, or unassigned fund balances are available. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, committed amounts are reduced first, followed by assigned amounts, and then unassigned amounts.

NOTE 2: Cash Deposits with Financial Institutions

Cash deposits are carried at cost (carrying value). A comparison of the bank balance and carrying value is as follows:

	Carrying Amount		 Bank Balance
Insured (FDIC) Collateralized:	\$	908,135	\$ 915,148
Collateral held by the City's agent, pledging bank or pledging bank's trust department or agent in the			
City's name		4,385,731	4,731,591
Uncollateralized		143,040	 143,040
Total Deposits	\$	5,436,906	\$ 5,789,779

The above total deposits do not include cash on hand of \$375.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. The City does not have a deposit policy for custodial credit risk. As of December 31, 2022, \$143,040 of the City's bank balance of \$5,789,779 was exposed to custodial credit risk. The balances exposed to custodial credit risk were deposited in money market accounts consisting of Federated Treasurer Obligations, which are not insured or collateralized.

NOTE 3: Legal or Contractual Provisions for Deposits and Investments

State law generally requires that municipal funds be deposited in federally insured banks located in the State of Arkansas. The municipal deposits may be in the form of checking accounts, savings accounts, and time deposits. Public funds may be invested in eligible investment securities having a maturity of not longer than 5 years from the date of acquisition unless, as documented at the time of acquisition, the investment is to fund or support a specific purpose and there are no expectations that the investment will be sold before maturity; an Arkansas bank certificate of deposit; an account established by a local government joint investment trust; or an Arkansas financial institution repurchase agreement for eligible investment securities in which the seller agrees to repurchase the investment at a price including interest earned during the holding period as determined by the repurchase agreement.

NOTE 10: Interfund Transfers

The General Fund transferred \$10,210 to the Other Funds in the Aggregate (Police Equipment) to supplement operations. The Other Funds in the Aggregate transferred \$497,964 (\$457,964 from Jail Operations and \$40,000 from Parks and Recreation) to the General Fund for excess sales taxes collected.

NOTE 11: Pledged Revenues

The City pledged future one percent sales and use taxes levied by Sheridan Ordinance no. 09-4 (February 12, 2009) approved by voters at a special election on April 14, 2009 to repay \$2,800,000 in bonds that were issued in 2011 pursuant to Sheridan Ordinance no. 11-06 (October 18, 2011) to finance paving and improving streets in the City. Total principal and interest remaining on the bonds are \$870,000 and \$84,250, respectively, payable through December 1, 2026. For 2022, principal and interest paid were \$200,000 and \$39,565 respectively.

The Debt Service Fund received \$251,843 in sales taxes in 2022. Any sales taxes collected in excess of debt service payments on these bonds is permitted to be used for other city purposes.

NOTE 12: Related Party Transactions

The City of Sheridan maintained bank balances of \$3,471,691 with Peoples Bank as of December 31, 2022. A member of the City Council is also the Vice President at Peoples Bank. The City Council approved Ordinance no. 2021-7 authorizing the continuation of business with Peoples Bank.

NOTE 13: Joint Venture – Regional Airport Authority

The City of Sheridan and Grant County share joint ownership of the airport on a 50-50 basis as established by an Interlocal agreement, as Grant County Ordinance no. 1978-21 (January 8, 1978). The authority is governed by eight board members. Each governing body appoints three members and the County Judge and Mayor each appoint an additional member. The City did not make any contributions on behalf of the Regional Airport Authority in 2022. The financial statements of the Regional Airport Authority have not been audited. Financial information may be obtained at 101 West Center, Sheridan, AR 72150.

NOTE 14: Jointly Governed Organization

The Prosecuting Attorneys of the Seventh and Ninth (East) Judicial Districts, the Sheriff's Departments of Clark, Grant, and Hot Springs Counties, and the Police Departments of Malvern, Sheridan, and Arkadelphia entered into an agreement to establish the Group "6" Narcotics Enforcement Unit. The agreement covers the period July 1, 2022 to July 1, 2023, and may be extended by mutual agreement. Funding was provided through federal and state grants in addition to contributions from the participating entities. The City made salary and expense payments on behalf of the Group"6" Narcotics Enforcement Unit in the amount of \$105,132, and received reimbursement from the Group "6" Narcotics Enforcement Unit in the amount of \$67,934. Separate Financial statements of the Group "6" Narcotics Enforcement Unit are not available.

NOTE 15: Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties and participation in a public entity risk pool. The amount of settlements, if any, has not exceeded the insurance coverage for each of the past three years. There were no significant reductions in insurance coverage in the major categories of risk from coverage in the prior year.

The City participates in the Arkansas Municipal League Program (public entity risk pools) for coverage in the following areas:

Workers' Compensation - This program provides statutory benefits for losses incurred by municipal officials, employees, and volunteer fire fighters while performing work for the municipality. Rates for municipalities participating in this program are revised by class code on an annual basis by the Arkansas Workers' Compensation Commission.

Municipal Vehicle Program

- A. Liability This program may pay all sums the municipality legally must pay as damages because of bodily injury, death or property damage to which this agreement applies involving a covered municipal vehicle and for which the municipality is liable. The limit of payment by the program is as follows: \$25,000 because of bodily injury to or death of one person in any one accident; \$50,000 because of bodily injury to or death of two or more persons in any one accident; and \$25,000 because of injury to or destruction of property of others in any one accident. The City shall pay into the program each year a charge established annually by the program administrator for covered municipal vehicles and self-propelled mobile equipment owned or leased by the City.
- B. Physical Damage This program covers motor vehicles and permanently attached equipment which are the property of the participating municipality. Property is valued at the full cost to repair or replace the property after deduction for depreciation. Loss amounts payable will be reduced by the deductible amount of \$1,000 per occurrence. The City agrees to pay into the program each year a service charge established annually by the program administrator for covered property.

NOTE 15: Risk Management (Continued)

Municipal Property Program - This program covers insurable property and equipment, exclusive of motor vehicles and water vessels, which belong to or are in the care, custody, or control of a participating municipality. Property is valued at the full cost to repair or replace the property after deduction of depreciation or as agreed to by the participating municipality and program. Loss amounts payable will be reduced by the deductible amount of \$5,000, or in the case of flood or earthquake, \$100,000. The municipality agrees to pay into the program each year a service charge established annually by the program administrator for property for which the municipality desires coverage.

Municipal Legal Defense Program - The program shall, at the sole discretion of the program administrators, provide extraordinary legal defense and extraordinary expenses in suits against municipal officials and employees and civil rights suits against the municipal government of a participating municipality and pay extraordinary judgments (for actual damages – not punitive damages) imposed on municipal officials and employees and the municipal government. The program shall never be liable to reimburse the municipal government, municipal officials, and employees because of judgment in any one lawsuit for more than 25% of the program's available funds at time the lawsuit was filed or the judgment becomes final, or \$1 million, whichever is less. The City agrees to pay into the program each year a charge established by the steering committee. Each city also agrees to pay the first \$3,000 of the aggregate cost for all expenses on each lawsuit. This cost deposit is not refundable.

The City also participates in the Self-Insured Fidelity Bond Program administered by the Governmental Bonding Board. This program covers actual losses sustained by the participating entity through any fraudulent or dishonest act or acts committed by any of the officials or employees, acting alone or in collusion with others, during the bond period to an amount not exceeding the lesser of \$300,000 or the amount of the bond. Premiums for coverage are determined by the State Risk Manager and approved by the Board. These premiums are paid by the State Treasurer from funds withheld from the Municipal Aid Fund. There is a \$2,500 deductible per occurrence.

NOTE 16: Local Police and Fire Retirement System (LOPFI) (A Defined Benefit Pension Plan)

Plan Description

The City contributes to the Local Police and Fire Retirement System (LOPFI), an agent multiple employer retirement system that acts as a common investment and administrative agent for cities and towns in Arkansas. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Local Police and Fire Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for LOPFI. That report may be obtained by writing to Arkansas Local Police and Fire Retirement System, 620 W. 3rd, Suite 200, Little Rock, Arkansas 72201, by calling 1-866-859-1745, or on their website www.lopfi-prb.com.

On December 31, 2012, administration of the City of Sheridan's Firemen's Pension and Relief Fund was transferred to LOPFI. The benefit structure of these plans was not changed.

Funding Policy

The employee contribution rate depends on the type of service being rendered and whether or not the service is also covered by Social Security. The different employee contribution rates required by state law are:

- A. Paid service not covered by Social Security: 8.5% of gross pay
- B. Paid service also covered by Social Security: 2.5% of gross pay
- C. Volunteer fire service: no employee contribution

NOTE 16: Local Police and Fire Retirement System (LOPFI) (Continued) (A Defined Benefit Pension Plan)

Funding Policy (Continued)

The City is required to contribute at an actuarially determined rate. The contribution requirements of plan members are established and may be amended by State law. The contribution requirements of the City are established and may be amended by the LOPFI Board of Trustees. The plan is also funded with state insurance tax. The City's contribution to the plan was \$20,508 and the amount of insurance tax paid by the state to the plan for the benefit of the City was \$18,479 for the year ended December 31, 2022.

Net Pension Liability

The requirements of Governmental Accounting Standards Board Statement no. 68, under the regulatory basis of accounting, are limited to disclosure of the City's share of the collective net pension liability. The City's proportionate share of the collective net pension liability at December 31, 2022, (actuarial valuation date and measurement date) was \$218,407.

NOTE 17: Arkansas Public Employees Retirement System

Plan Description

The City contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing multipleemployer defined benefit pension plan that covers municipal employees whose municipalities have elected coverage under this System. APERS, administered by a Board of Trustees, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by writing to Arkansas Public Employees Retirement System, 124 W. Capitol, Suite 400, Little Rock, Arkansas 72201, by calling 1-800-682-7377, or on their website www.apers.org.

Funding Policy

APERS has contributory and non-contributory plans. Contributory members are required by State law to contribute 5% of their salary. Beginning July 1, 2022, the contribution rates shall be increased in increments of .25% per fiscal year, not to exceed 7%. The contributory rate was increased to 5.25% as of July 1, 2022. Each participating employer is required by State law to contribute at a rate established by the Board of Trustees of the system, based on the annual actuarial valuation. The City's contribution to the plan for the year ended June 30, 2022, (date of APERS Employer Allocation Report) was \$315,282.

Net Pension Liability

The requirements of Governmental Accounting Standards Board Statement no. 68, under the regulatory basis of accounting, are limited to disclosure of the City's share of the collective net pension liability. The City's proportionate share of the collective net pension liability at June 30, 2022, (actuarial valuation date and measurement date) was \$2,654,703.

NOTE 18: Corona Virus (COVID-19)

On March 11, 2020, the Governor of Arkansas issued Executive Order 20-03 declaring an emergency and ordered Arkansas Department of Health to take action to prevent the spread of coronavirus disease 2019 (COVID-19). In 2021, the City was awarded \$1,021,194 in federal aid from the American Rescue Plan Act of 2021, and as of the report date, \$1,021,194 of this amount has been received. The extent of the impact of COVID-19 on financial statements for future reporting periods remains uncertain.

CITY OF SHERIDAN, ARKANSAS NOTES TO SCHEDULES 1 AND 2 DECEMBER 31, 2022

The following funds and descriptions represent all funds reported as other funds in the aggregate.

Fund Name	Fund Description
Parks and Recreation	Established by Sheridan Ordinance no. 97-7 (May 19, 2007) for the operation and maintenance of the City's recreation center. Continued by Sheridan Ordinance no. 09-5 (February 12, 2009) following extension of the related sales tax.
Criminal Justice	Ark. Code Ann. § 16-10-308 established fund to receive the City's share of uniform court cost and filing fees to be used to defray a part of the expenses of the administration of justice in the City.
Local Police and Fire Retirement (LOPFI)	Ark. Code Ann. § 24-10-409 requires cities receiving revenues from the state derived from taxes levied on foreign and domestic insurers or any other state funds designated for support of fire and police retirement programs to be applied to the employer contribution to support this system.
Alcohol Testing Device	Ark. Code Ann. § 16-10-308 authorized a portion of district court costs to be used to purchase and maintain alcohol testing devices.
Police Equipment	Established by Sheridan Ordinance no. 03-3 (February 4, 2003) to replace and maintain the Police Department's vehicles and equipment.
Fire Equipment and Training	Ark. Code Ann. §§ 14-284-403, 404 requires insurance premium tax funds to be distributed by the county to municipal fire departments for training, purchase and improvement of fire fighting equipment, initial capital construction or improvements of fire departments, insurance for buildings, and utilities costs.
District Court Costs	Ark. Code Ann. § 16-17-126 authorizes District Court filing fees for writs of garnishment and executions to be appropriated for any permissible use in the administration of the District Court.
Court Automation	Ark. Code Ann. § 16-13-704 established fund to receive District Court installment fees of 1/2 of \$5 per month on each person to be used for court-related technology.
Fire Equipment	Established by Sheridan Ordinance no. 03-4 (February 4, 2003) for the operation and maintenance of the City's Fire Department. Interlocal agreement with Grant County pursuant to Ark. Code Ann. § 25-20-101 provides for Grant County to subsidize emergency medical service with a portion of the quarter percent sales tax approved by voters on August 12, 2008. Sheridan Ordinance no. 12-5 (June 5, 2012) established an annual subscription fee of \$35 for providing fire protection services outside of the City.

CITY OF SHERIDAN, ARKANSAS NOTES TO SCHEDULES 1 AND 2 DECEMBER 31, 2022

The following funds and descriptions represent all funds reported as other funds in the aggregate.

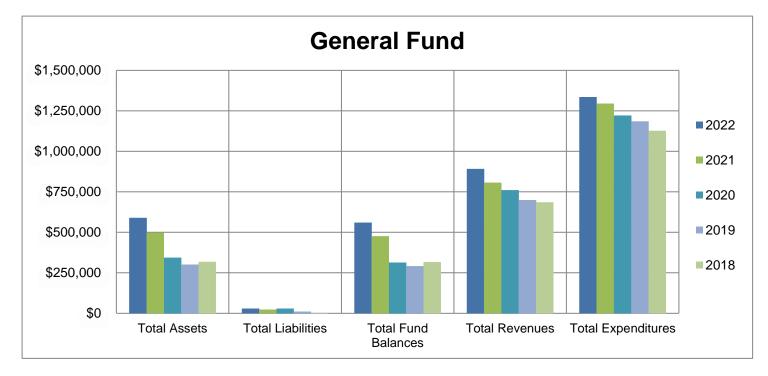

Fund Name	Fund Description
District Judge's Retirement	Ark. Code Ann. §§ 24-4-751, 24-8-902 established fund to contribute an amount of money that represents the actuarially determined accrued liability to be paid to the Arkansas Public Employees Retirement System. Excess funds will be retained in this fund for the sole purpose of paying the retirement benefits of district judges.
Jail Operations	Sheridan Ordinance no. 95-6 (July 6, 1995) levied a one percent sales and use tax for the purpose of issuing bonds to finance the construction of a jail facility and to pay for the operation and maintenance of the jail facility. Sheridan Ordinance no. 14-3 (August 4, 2014) continued the levy of a one percent sales and use tax for police protection, fire protection, and operating and maintaining the jail facility for the City.
American Rescue Plan Act	Established to receive and disburse Coronavirus State and Local Fiscal Recovery Funds (SLRF), a part of the American Rescue Plan Act (ARPA) of 2021, to support response to and recovery from the COVID-19 public health emergency.
Debt Service	In 2011, voters approved a one cent sales and use tax to retire bonds issued related to parks and recreation operations and street maintenance and construction. Taxes collected in excess of parks and recreation operations and street debt service requirements may be used for general purposes of the City.
