## INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council  
City of Vilonia, Arkansas

### Opinions

We have audited the accompanying regulatory basis financial statements of the general fund, street fund, and the other funds in the aggregate of the City of Vilonia, as of and for the year ended December 31, 2022, and the related notes to the financial statements as listed in the table of contents.

### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all the material respects, the regulatory basis financial position of the general fund, street fund, and other funds in the aggregate of the City of Vilonia, Arkansas, as of December 31, 2022, the regulatory basis revenues, expenditures, and changes in net position, and the budgetary comparisons for the general fund and street fund for the year then ended in accordance with the financial reporting provisions of ARK. Code Ann. § 10-4-412 described in Note 1.

### Adverse opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted In the United States of America, the financial position of the City of Vilonia, Arkansas, as of December 31, 2022, or the revenues, expenditures, and changes in net position and, where applicable, cash flows thereof for the year then ended.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the city of Vilonia, Arkanas, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the City on the basis of the financial reporting provisions of ARK. Code Ann. § 10-4-412, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements permitted by the State of Arkansas. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of ARK. Code Ann. § 10-4-412, as described in Note 1, to meet the requirements permitted by the State of Arkansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of X, State Y's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of X, State Y's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary and Other information

Our audit was conducted for the purpose of forming an opinion on the accompanying regulatory basis financial statements. The accompanying supplementary information and other information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to auditing procedures applied in the audit of regulatory basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted by the United States of America. In our opinion, the supplementary information is fairly stated, in all materials respects, in relation to the regulatory basis financial statements as a whole on the basis of accounting described in Note 1.

The other information has not been subjected to the auditing procedures applied in the audit of the regulatory basis financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 5, 2024, on our consideration of the City's internal control over financial reporting and on our test of its compliance with certain provisions of the state constitution, laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

City of Vilonia, Arkansas  
Notes to Financial Statements  
December 31, 2022

**Note I - Summary of Significant Accounting Policies**

Financial Reporting Entity

The City of Vilonia was incorporated under the laws of the State of Arkansas and operates under an elected Mayor-Council form of government. The reporting entity includes all funds of the City. Under accounting principles generally accepted in the United States of America (GAAP) as established by the Government Accounting Standards Board, the following fund of the City would have been included in the reporting entity; Sewer Department. However, under Arkansas' regulatory basis described below, inclusion of this fund is not required and this fund is not included in this report.

Basis of Presentation - Regulatory

The financial statements are presented in accordance: with the regulatory basis of presentation as prescribed or permitted by Ark. Code Ann. 10-4-412. The law requires that the financial statements be presented on a fund basis with, at a minimum, the general fund and street fund presented separately with all other funds included in the financial statements presented in the aggregate. This law also stipulates that the financial statements consist of a balance sheet; a statement of revenues, expenditures, and changes in the fund balances; a comparison of the final adopted budget to the actual expenditures for the general and street funds; notes to financial statements; and a supplemental schedule of capital assets.

The regulatory -basis of presentation is not in accordance with generally accepted accounting principles (GAAP). GAAP requires that the basic financial statements present government-wide and fund financial statements. Additionally, GAAP requires the following major concepts: Management's Discussion and Analysis, separate financial statements for fiduciary fund types and other requirements for fiduciary fund types, specific procedures for the identification of many governmental funds, and applicable note disclosures. The regulatory basis of presentation does not require government-wide financial statements or the previously identified concepts.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with related liabilities and residual balances, and changes therein which are segregated for purposes of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds are recognized in the accompanying basis statements.

General Fund - The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

Street Fund - The Street Fund (Special Revenue Fund) is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. See Schedule 1 and 2 for Special Revenue Funds as reported with other funds in the aggregate.

Other Funds in the Aggregate - Other Funds in the Aggregate consists of all funds included in the financial statements except for the General and Street funds. The following types of funds are included in this column as follows:

Special Revenue funds - Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt services or capital project. See Schedules 1 and 2 for Special Revenue Funds as reported with other funds in the aggregate.

City of Vilonia, Arkansas  
Notes to Financial Statements  
For the Year Ended December 31, 2022

**Note 1- Summary of Significant Accounting Policies (continued)**

Debt Services Funds - Debt Service Funds are used to account for and report financial resources that are restricted, commilled, or assigned to expenditures for principle and interest See Schedules 1 and 2 for Debt Service Funds as reported with other funds in the aggregate.

Custodial Funds - Custodial Funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). See Schedule 1 for Custodial funds as reported with other funds in the aggregate.

Basis of Accounting- Regulatory

The financial statements are prepared on the regulatory basis of accounting as prescribed by Ark. Code Ann. 10-4-4J 2. This regulatory basis differs from accounting principles generally accepted in the United States of America. Revenues generally are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current period. However, most state aid received from the State Treasury is by state law revenue of the year in which it was received by the government. Expenditures generally are recorded when a liability is incurred. Liabilities incurred by the government on or before the end of the current period that are paid within 60 days of the end of the current period are considered to be expenditures of the current period. However, debt services expenditures, as well as expenditures related to compensated absences and claims and judgements are recorded only when payment is due. As a result of the use of this regulatory basis of accounting, capital assets and long-term debt are not recorded in the financial statements. Pension trust funds are reported in a separate column as a part of supplementary information in order to provide users a better understanding of the entity as a whole.

The regulatory basis of accounting is not in accordance with generally accepted accounting principles (GAAP). GAAP requires the following major concepts: Accrual basis of accounting for government-wide financial statements, including depreciation expense, modified accrual basis of accounting for fund financial statements, separate identification of special and extraordinary items, inclusion of capital assets and debt in the financial statements, inclusion of the net pension liability in the financial statements, and applicable disclosures. The regulatory basis of accounting does not require the previously identified concepts.

Assets, Liabilities, and Fund Balances

Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and certificates of deposit.

Settlements Pending

Settlements pending are considered fines, forfeitures, and costs that have not been transferred to the appropriate entities.

Fund Balance Classifications

1. Restricted fund balance- amounts that are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such ns through debt covenants), grantors, contributors, or laws or regulations of other governments; .or (b) imposed by law through constitutional provisions or enabling legislation.
2. Assigned fund balance- amounts that are constrained by the City Council's intent co be used. for specific purposes, but are neither restricted nor committed.

City of Vilonia, Arkansas  
Notes to Financial Statements  
For the Year Ended December 31, 2022

**Note 1 - Summary of Significant Accounting Policies (continued)**

3. Unassigned fund balance- amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund. This classification may also include negative amounts in other governmental funds. If expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

Compensated Absences

Employees of the government are entitled to paid vacations and sick days and other time off. It is impractical to estimate the amount of compensation for future absences and, accordingly, no liability has been recorded in the accompanying financial statements. The Company's accounting policy has been to recognize the cost of such absences when paid to the employee.

Property Taxes

A lien attaches to the real property in January and on personal property in June of each year. Property taxes are collectible beginning the first business day of March of the subsequent year, but are not considered delinquent until after October 15. Property taxes reflected as revenues on the financial statements include the property tax relief distribution made by the State of Arkansas. The purpose of this distribution is to reimburse the municipality for property tax credits in accordance with Arkansas Code.

Budget Law

State law requires that these procedures be followed in establishing the budgetary data:

- a. Prior to December 1, the Mayor submits to the City Council a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- b. The proposed budget is discussed at a City Council meeting prior to adoption.
- c. Prior to February 1, the budget is legally enacted by ordinance or resolution of the City Council.
- d. Appropriations lapse at the end of the year.
- e. Under certain conditions, the budget may be amended subsequent to the year-end.

The budgeted revenues and expenditures represent the formal operating budget adopted by the City Council, as amended by the City Council during the year.

Basis of Accounting

The City prepared an annual budget on the regulatory basis for the General Fund, Street Fund, and the other operating funds except for the District Court Automation and Jail Fees {Act 209} Funds.

Fund Balance Classification Policies and Procedures

The Municipality's highest level of decision-making authority is the City Council. The establishment of amounts classified as committed fund balances and any subsequent modifications to such balances are the result of formal action taken by the City Council through passage of an ordinance. The City Council is authorized to assign amounts to a specific purpose, although a formal policy has not been established.

The Municipality does not have a policy addressing whether it considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available. For classification of fund amounts, restricted resources are considered spent before unrestricted. The Municipality does not have a policy addressing which resources to use within the unrestricted fund balance when committed, assigned, or unassigned fund balances are available. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance

**Note 1- Summary of Significant Accounting Policies (continued)**

classifications could be used, committed amounts are reduced first, followed by assigned amounts. then unassigned amounts.

There were no committed fund balances at year-end.

**Note 2 - Cash Deposits with financial Institutions**

Cash deposits are carried at cost (carrying value). A comparison of the bank balance and carrying balance value is as follows:

	Carrying Amount	Bank Balance
Insured (FDIC)	\$ 354,385	\$ 354,385
Collateralized;		
Collateral held by the city's agent, pledging bank or pledging bank's trust department or agent in city's name	1,740,509	1,845,783
US government guaranteed accounts	2,056,192	2,056,192
Total Deposits	\$ 4,151,086	\$ 4,256,360

The above deposits do no include cash on hand of \$700.00.

**Note 3- Legal or Contractual Provisions for Deposits and Investments**

State law generally requires that the municipal funds be deposited in federally insured banks located in the State of Arkansas. The municipal deposits may be in the form of checking accounts, saving accounts, and time deposits. Public funds may be invested in eligible investment securities having a maturity of no longer than 5 years from the date of acquisition unless, as documented at the time of acquisition, the investment is to fund or support a specific purpose and there are no expectations that the investment will be sold before maturity; an Arkansas bank certificate of deposit; an account established by a local government joint investment trust; or an Arkansas financial institution repurchase agreement for eligible investment securities in which the seller agrees to repurchase the investment at a price including interest earned during the holding period as determined by the repurchase agreement.

Pension Trust Funds

State law generally requires that pension funds be deposited in banks. Pension funds may be invested in interest-bearing bonds of the United States, of the State or Arkansas, or of the city in which the board is located, in a local government joint investment fund, in the Arkansas Local Police and Fire Retirement System, or in savings and loan associations duly established and authorized to do business in the state. State law also provides that if the total assets of the pension trust fund exceed \$100,000, the board may employ an investment advisor to invest the assets, subject to terms, conditions, limitations, and restrictions imposed by law upon the Arkansas Local Police and Fire Retirement System.

**Note 11-Subsequent Events**

Management has evaluated subsequent events through the report date, the date the financial statements were first available to be issued. No events occurring subsequent to the year ended December 31, 2022, having a direct and material effect on the financial statements have been determined as of the date of the audit report.

**Note 12-Pledged Revenues**

The City pledged future .75% sales and use taxes to repay \$5,330,000 in bonds that were issued in 2020 to provide funds to finance all or a portion of the cost of improvements of extensions, betterments and improvements to the City's sewer system and refunding the City's outstanding Sales and Use Tax Bonds. Series 2013. Total principal and interest remaining on the bonds are \$4,720,000, payable through December 1, 2050. For 2022, principal and interest paid were \$355,000 and \$130,946 respectively.

The Debt Service Fund received \$532,689 in sales taxes in 2022. Any sales taxes collected in excess of debt service payments on these bonds is permitted to be used for any lawful purpose.

**Note 13-Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties and participation in a public entity risk pool. The amount of settlements, if any, has not exceeded the insurance coverage for each of the past three years. There were no significant reductions in insurance coverage in the major categories of risk from the coverage in the prior year.

The City participates in the Arkansas Municipal League Program (public entity risk pools) for coverage in the following areas:

Workers Compensation - This program provides statutory benefits for losses incurred by municipal officials, employees, and volunteer fire fighters while performing work for the municipality. Rates for municipalities participating in this program are revised by class code on an annual basis by the Arkansas Workers Compensation Commission.

**Note 13-Risk Management (Continued)**

Municipal Vehicle Program

A. Liability- This program may pay all sums the municipality legally must pay as damages because of bodily injury, death or property damage to which this agreement applies involving a covered municipal vehicle and for which the municipality is liable. The limit of payment by the program is as follows: \$25,000 because of bodily injury to or death of one person in any one accident; \$50,000 because of body injury to or death of two or more persons in any one accident and \$25,000 because of injury to or destruction of property of others in any one accident. The City shall pay into the program each year a charge established annually by the program administrator for covered municipal vehicles and self-propelled mobile equipment owned or leased by the City.

B. Physical Damage - This program covers motor vehicles and permanently attached equipment which are the property of the participating municipality. Property is valued at the full cost to repair or replace the property after deduction for depreciation. Loss amounts payable will be reduced by the deductible amount of \$1,000 per occurrence. The City agrees to pay into the program each year a service charge established annually by the program administrator for covered property.

Municipal Property Program - This program covers insurable property and equipment exclusive of motor vehicles and water vessels, which belong to or are in the care, custody or control of a participating municipality. Property is valued at the full cost to repair or replace the property after deduction of depreciation or as agreed to by the participating municipality and program. Loss amounts payable will be reduced by the deductible amount of \$5,000 or in the case of flood or earthquake, \$100,000. The municipality agrees to pay into the program each year a service charge established annually by the program administration for property for which the municipality desires coverage.

Municipal Legal Defense Program - This program shall, at the sole discretion of the program administrators, provide extraordinary legal defense and extraordinary expenses in suits against municipal officials and employees and civil rights suits against the municipal government of a participating municipality and pay extraordinary judgments (for actual damages-not punitive damages) imposed on municipal officials and employees and the municipal government. This program shall never be liable to reimburse the municipal government, municipal officials, and employees because of the judgement in any one lawsuit for more than 25% of the program's available funds at the time the lawsuit was filed or the judgement becomes final, or \$1 million, whichever is less. The City agrees to pay into the program each year a charge established by the steering committee. Each city also agrees to pay the first \$3,000 of the aggregate cost for all expenses on each lawsuit. The cost deposit is not refundable.

The City also participates in the Self-Insured Fidelity Bond Program administered by the Government Bonding Board. This program covers actual losses sustained by the participating entity through any fraudulent or dishonest act or acts committed by any of the officials or employees, acting alone or in collusion with others, during the bond period to an amount not exceeding the lesser of \$300,000 or the amount of the bond. Premiums for coverage are determined by the State Risk Manager and approved by the Board. These premiums are paid by the State Treasurer from funds withheld from the Municipal Aid Fund. There is a \$2,500 deductible per occurrence.

**Note 14- Local Police and Fire Retirement System (LOPFI)  
(A Defined Benefit Pension Plan)**

Plan Description

The City contributes to the Local Police and Fire Retirement System (LOPFI), an agent multiple employer retirement system that nets as a common investment and administrative agent for cities and towns in Arkansas. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Local Police and Fire Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for LOPFI. That report may be obtained by writing to Arkansas Local Police and Fire Retirement System, 620 W. 3rd, Suite 200, Little Rock, Arkansas 72201, by calling 1-866-859-1745, or on their website [www.lopfi-prb.com](http://www.lopfi-prb.com).

Funding Policy

The employee contribution rate depends on the type of service being rendered and whether or not the service is also covered by Social Security. The different employee contribution rates required by state law are:

- A. Paid service not covered by Social Security: 8.5% of gross pay
- B. Paid service also covered by Social Security: 2.5% of gross pay
- C. Volunteer fire service: no employee contribution

The City is required to contribute at an actuarially determined rate. The contributions of plan members are established and may be amended by Slate law. The contribution requirements of the City are established and may be amended by the LOPFI Board of Trustees. The plan is also funded with state insurance tax. The City's contribution to the plan was \$149,252 for the year ended December 31, 2022 before credits for premium tax billings. The net LOPFI expense was \$70,944.

Net Pension Liability

The requirements of Governmental Accounting Standards Board Statement no. 68, under the regulatory basis of accounting is limited to disclosure of the City's share of the collective net pension liability. The City's proportionate share of the collective net pension liability at December 31, 2022 (actuarial valuation date and measurement date) was \$1,418,039.

**Note 15- Arkansas Public Employees Retirement System**

Plan Description

The City contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing employer defined benefit pension plan that covers municipal employees whose municipalities have elected coverage under this System. APERS, administered by a Board of Trustees, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries.. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by writing to the Arkansas Public Employees Retirement System, 124 W. Capital, Suite 400, Little Rock, Arkansas, 72201, by calling 1-800-682-7377, or on their website [www.apers.org](http://www.apers.org).

Note: American Rescue Plan funds were initially deposited into the general fund and later transferred to the ARP Fund which is represented in the financial statements as an Other Funds in the Aggregate. This accounts for the discrepancy between the General Fund surplus shown here and the decrease in total assets. The fund transfer is not shown in this analysis since the transfer is not shown as an expenditure in the financial statements of the General Fund.

## **Report on Internal Control Over Financial Reporting and on Compliance Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards**

### INDEPENDENT AUDITOR'S REPORT

To the Mayor and and City Council  
City of Vilonia, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Vilonia, Arkansas, as of and for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the City of Vilonia, Arkansas' basic financial statements, and have issued our report thereon dated June 6, 2024.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement-of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weakness may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under Government Auditing Standards.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
