## **Independent Auditors' Report**

Mayor and City Council City of Carlisle Carlisle, Arkansas

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities of Carlisle Water and Sewer Department as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Carlisle Water and Sewer Department's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Mayor and City Council City of Carlisle Page Two

As described in Note 1, the financial statements present only the City of Carlisle Water and Sewer Department and are not intended to present fairly the financial position of the City of Carlisle and the results of its operations in conformity with generally accepted accounting principles.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the City of Carlisle Water and Sewer Department as of December 31, 2018 and 2017, and the results of its operations for the years then ended in conformity with the basis of accounting described in Note 1.

#### Other-Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-8 and 29-30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provided any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Carlisle Water and Sewer Department's basic financial statements. The schedule of sewer rates and users on page 30 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of the management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Mayor and City Council City of Carlisle Page Three

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 23, 2024, on our consideration of the City of Carlisle Water and Sewer Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Carlisle Water and Sewer Department's internal control over financial reporting and compliance.

Certified Public Accountants

Coll and Endie, Std.

July 23, 2024

This section presents management's analysis of the financial condition and activities of the City of Carlisle Water and Sewer Department (the Utility) for the year ended December 31, 2018.

## **Financial Highlights**

Management believes the City of Carlisle Water and Sewer Department's financial condition is stable. The Utility is responsible for complying with debt covenants and financial policies and guidelines set by the City Council. The following are key financial highlights:

- Total assets at year-end were \$3,829,850 and exceeded liabilities in the amount of \$1,786,042, an increase of 13.2% from 2017. Total assets at year-end were \$3,217,839 and exceeded liabilities in the amount of \$1,577,752, a reduction of 9.2% from 2016.
- Operating revenue was \$736,069 in 2018, which was an increase of 5.0% or \$35,109 from 2017. Operating revenue was \$700,960 in 2017, which was an increase of 1.3% or \$8,653 from 2016.
- In 2018, Operating expenses other than depreciation decreased \$263,709 or 39.35% from 2017. In 2017, Operating expenses other than depreciation decreased \$30,468 or 4.35% from 2016.

#### **Overview of Annual Financial Report**

Management's Discussion and Analysis (MD&A) serves as an introduction to the basic financial statements and supplementary information. The MD&A represents management's examination and analysis of the City of Carlisle Water and Sewer Department's financial condition and performance. Summary financial statement data, key financial and operational indicators used in the Utility's strategic plan, budget, bond resolutions and other management tools were used for this analysis.

The financial statements include a statement of net assets; a statement of activities; a statement of cash flows; and notes to the financial statements. The statement of net assets presents the financial position of the Utility on an accrual historical cost basis. While the statement of net assets provides information about the nature and amount of resources and obligations at year-end, the statement of activities presents the results of the business activities over the course of the fiscal year, as well as information as to how the net assets changed during the year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. The statement of cash flows presents changes in cash and cash equivalents, resulting from operational, financing, and investing activities. This statement presents cash receipts and cash disbursement information without consideration of the earnings event, when an obligation arises, or depreciation of capital assets.

#### **Overview of Annual Financial Report** (Continued)

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the Utility's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies, and subsequent events, if any. Supplementary information comparing the budget to actual expenses is also provided.

The Utility adopted Government Accounting Standard Board (GASB) 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement 27* during fiscal year ended December 31, 2015. GASB Statement 68 established accounting and financial reporting standards for employers, including reporting of the net pension asset or liability on the statement of net position, and deferred inflows and outflows associated with investment, economic and demographic gains and losses associated with pension plans. GASB Statement 68 also provides guidance related to the calculation of pension expense.

### **Summary of Organization and Business**

The Utility provides retail water and wastewater collection and treatment service to approximately 968 customers within the corporate limits of Carlisle, Arkansas.

The facilities of the Utility include water and sewage treatment facilities acquired or contracted at a cost of \$56.2 million.

The Utility operates under the direction of the City Council of the City of Carlisle, Arkansas.

The operating and capital expenditures are incurred to repair, replace, or extend existing service facilities to meet customer service requirements, as well as to meet EPA requirements. The operation expenses are funded by customer revenue. The acquisition and construction of capital assets are funded by sewer revenue bonds.

#### **Financial Analysis**

The comparative financial statements on pages 9 through 12 and other selected information listed below serve as the key financial data and indicators for management, monitoring, and planning. Comments regarding budget-to-actual variances and year-to-year variances are included in each section by the name of the statement or account.

Net position	0.30	0.42	0.39	-23.08%
Debt related ratios:				
Debt to net position	0.30	1.00	0.64	-70.00%

#### **General Trends and Significant Events**

The population of Carlisle, Arkansas remained generally constant for December 2018 and December 2017, while the number of customers serviced by the Utility increased by 5 customers from 963 to 968 during the same period.

#### **Financial Condition**

The Utility's financial condition remained stable. Total unrestricted assets at December 31, 2018 increased \$46,342 or 30.8%. Restricted assets at December 31, 2018 were represented by an increase of \$122,258 which was the result of an increase in restricted cash. Total unrestricted assets at December 31, 2017 increased \$46,342 or 9.8%, with \$10,398 represented as increase due to GASB 68. Restricted assets at December 31, 2017 were represented by an increase of \$9,675 which was the result of an increase in restricted cash.

## **Financial Condition** (Continued)

Operating revenues for 2018 were \$35,109 greater than 2017 while accounts receivable at year-end increased by \$15,544. Operating revenues for 2017 were \$8,653 greater than 2016 while accounts receivable at year-end decreased by \$949.

#### **Results of Operations**

#### **Net Operating Income:**

The net operating income (loss) was \$189,079 in 2018 and \$(112,370) in 2017, a positive change resulting largely in 2018 from a higher customer base. The net operating income was \$736,089 in 2018 and \$700,960 in 2017, a positive change resulting largely from more usage in 2018 by the customer base.

#### **Expenses:**

The Utility's operating expense decreased from \$813,330 in 2017 to \$546,990 or from 1.21% of operating revenue in 2017 to 74% in 2018. The Utility's operating expense increased from \$842,043 in 2016 to \$813,330 or from 1.22% of operating revenue in 2016 to 1.21% in 2017.

	<u>2018</u>	<u>2017</u>	<u>2016</u>	Variance %
Salaries & Related Taxes	\$ 173,970	\$ 213,262	\$ 260,209	-18.4%

<b>Total Operating Expense</b>	\$ 546,990	\$ 813,330	\$ 842,043	<u>-32.75%</u>

#### **Capital Assets and Long-Term Debt**

The investment in plant and equipment increased by \$669,616 as a result of capital acquisitions during 2018. Total debt to net capital assets was 55.6% at the end of 2018 and 46.9% at the end of 2017. The investment in plant and equipment increased by \$539,123 as a result of capital acquisitions during 2017. Total debt to net capital assets was 46.9% at the end of 2017 and 46.7% at the end of 2016.

## **Final Comments**

The Utility has maintained its mission of providing affordable, efficient, and reliable wastewater services.

## **Contacting the Utility's Financial Management**

This financial report is designed to provide our citizens, taxpayers, and granting agencies with a general overview of the Utility's finances and to demonstrate the Utility's accountability for the money it receives. If there are questions about this report or a need for additional financial information arises, contact the City of Carlisle Water and Sewer Department, P.O. Box 49, Carlisle, Arkansas, 72024-0049.

## NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

#### (a) General Information

City of Carlisle Water and Sewer Department (the Utility) provides water and/or sewer services to approximately 1,000 residential and commercial users in the City of Carlisle (the City). As a component unit of a municipality, the City of Carlisle Water and Sewer Department is not subject to income tax. The accompanying financial statements have been prepared only for the reporting entity of the City of Carlisle Water and Sewer Department, which operates as a proprietary fund of the City of Carlisle, and do not purport to disclose other activities of the City of Carlisle. Accordingly, other funds of the City have been excluded from the reporting entity.

### (b) <u>Basis of Accounting</u>

The financial statements of the Utility are prepared in accordance with generally accepted accounting principles (GAAP), as established for the Governmental Accounting Standards Board (GASB). Accordingly, the Utility uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred.

#### (c) Cash and Cash Equivalents

For purpose of the statement of cash flows, the Utility considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

#### (d) <u>Investments</u>

Investments, which consist of U.S. Government obligations, are stated at fair value. There were no investments at December 31, 2018 and 2017.

#### (e) Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Details of accounts receivable and the related valuation account as of December 31, 2018 and 2017 are more fully explained in Note 3.

## NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (CONTINUED)

#### (f) Restricted Assets

Restricted assets include cash, cash equivalents, and investments whose use is restricted by the covenants of Water and Sewer bond issues.

### (g) <u>Capital Assets</u>

Purchased capital assets are stated at cost. Donated capital assets are stated at estimated fair value at the date of donation. Depreciation is computed by the straight-line method over the following estimated useful lives:

Waterworks and Sewer Plant	10-40 1/3 years
Operating Equipment	3-10 years
Office Building	20 years
Office Equipment	5-10 years
Furniture and Fixtures	5-10 years

A summary of changes in capital assets for the years ended December 31, 2018 and 2017 is presented in Note 4.

#### (h) Capitalization of Interest

Interest is capitalized on major construction projects based on the applicable rate of borrowed funds for that project. If funds were required in excess of specifically borrowed funds, an average rate for all borrowed funds was used to capitalize interest.

#### (i) Unamortized Bond Issuance Costs

Costs associated with the issuance of bonds are reported as current period expenses.

#### (j) Revenue Recognition

The accounts receivable and revenue recognized are based on monthly meter readings by Utility personnel. Unbilled revenue represents approximately ten days of water consumption during any month that remains unbilled at the end of the month.

#### (k) Basis for Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (CONTINUED)

(I) Government Accounting Standards Board (GASB) Statement no. 68

The GASB issued the following three statements which became effective for the fiscal year ended December 31, 2015: Statement no. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement no. 27, Statement no. 69, Government Combinations and Disposals of Government Operations, and Statement no. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement no. 68. Management has determined that Statement no. 69 does not affect the City of Carlisle Water and Sewer Department. Statements no. 68 and no. 71 established standards of accounting and financial reporting for defined benefit pensions and defined contribution pensions. Details of the effect of implementing these statements are disclosed in detail in footnote 6.

## NOTE 2: <u>CASH AND CASH EQUIVALENTS</u>

A reconciliation of cash per the statement of cash flows to the statements of net assets as of December 31, 2018 and 2017, respectively, follows:

		<u>2018</u>			
	<u>Un</u>	restricted	<u>R</u>	estricted	<u>Total</u>
Cash at Beginning of Year Net Increase (Decrease)	\$	197,222 57,585	\$	194,211 9,735	\$ 391,433 67,320
Cash at End of Year	\$	254,807	\$	203,946	\$ 458,753

Cash at End of Year	\$	197,222	\$	194,211	\$ 391,433

## NOTE 2: <u>CASH AND CASH EQUIVALENTS</u> (CONTINUED)

The System's funds are combined with the departmental bank accounts of the City of Carlisle in determining the appropriateness of collateralization from financial institutions.

The Utility's deposit policy for custodial credit risk requires compliance with the provisions of state law. Arkansas law requires collateralization of all municipal deposits by federal depository insurance (FDIC) and qualified pledged securities consisting of obligations of the U.S. Treasury and U.S. agencies.

Included in the Utility's total cash balances of \$458,753 and \$391,433 at December 31, 2018 and 2017, respectively, are deposits with financial institutions which are categorized as to credit risk as follows:

	<u>2018</u>			
Insured (FDIC) and Collateralized Uninsured and Uncollateralized	<u>Carry</u> \$	ving Amount 458,753	<u>Bar</u> \$	nk Balance 391,433
Total	\$	458,753	\$	391,433
	<u>2017</u>			
	Carry	ing Amount	Bar	nk Balance
Insured (FDIC) and Collateralized	\$	391,433	\$	427,808
Uninsured and Uncollateralized				
Total	\$	391,433	\$	427,808

## NOTE 3: <u>ACCOUNTS RECEIVABLE</u>

Accounts receivable at December 31, 2018 and 2017 consisted of the following:

	<u>2018</u>	<u>2017</u>
Trade Receivables, Current	\$ 58,842	\$ 75,089
Trade Receivables, Past Due	61,710	 27,821
Total	\$ 120,552	\$ 102,910
Allowance for Uncollectibles, Beginning of Year	\$ 28,645	\$ (28,320)
Bad Debts Recovered	_	-
Provision for Bad Debt Expense	 2,100	 (325)
Allowance for Uncollectibles, End of Year	\$ 30,745	\$ (28,645)
Accounts Receivable, Net of Allowance		
for Uncollectibles	\$ 89,807	\$ 74,265

## NOTE 4: <u>CAPITAL ASSETS</u>

## NOTE 5: <u>BONDS PAYABLE</u> (CONTINUED)

Water and sewer bonds constitute special obligations of the City solely secured by a lien on a pledge of the net revenue of the water and sewer system and the various special funds established by the bond ordinances. The ordinances provide that the revenue of the system be used first to pay operating and maintenance expenses of the system and second to establish and maintain the revenue bond funds. Sales and use tax bonds are also secured by revenues of the City's 1/4% sales tax.

The annual requirements to amortize all bonds outstanding as of December 31, 2018, including interest payments, are as follows:

	<u>Principal</u> <u>Interest</u>		<u>Total</u>		
2019	\$ 132,646	\$	49,729	\$	182,375

	\$ 1,823,985	\$	359,491	\$	2,183,476

## NOTE 6: <u>DEFINED BENEFIT PENSION PLAN</u>

GASB Statement no. 68 adopted for the year ending December 31, 2015, established standards of accounting and financial reporting for defined benefit pensions and defined contribution pensions. Details of the effect of implementing these statements are discussed in detail below:

## Arkansas Public Employees Retirement System (APERS) Plan Description

The Utility participates in a cost-sharing multiple-employer pension plan, administered by the Arkansas Public Employees Retirement System (APERS). APERS is a cost-sharing, multiple-employer, defined benefit plan which covers all State employees who are not covered by another authorized plan. The plan was established by the authority of the Arkansas General Assembly with the passage of Act 177 of 1957. The costs of administering the plan are paid out of investment earnings. The general administration and responsibility for the proper operation of the system is vested in the nine members of the Board of Trustees of the Arkansas Public Employees Retirement System (the Board). Membership includes three state and three non-state employees, all appointed by the Governor, and three ex-officio trustees, including the Auditor of the State, the Treasurer of the State and the Director of the Department of Finance and Administration.

#### Benefits Provided

Benefit provisions are set forth in Arkansas Code Annotated, Title 24, Chapters 5 and 6 and may only be amended by the Arkansas General Assembly. APERS provides retirement, disability and death benefits. Retirement benefits are determined as a percentage of the member's highest 3 – year average compensation times the member's years of service. The percentage used is based upon whether a member is contributory or non-contributory as follows:

Contributory, prior to 7/1/2005	2.07%
Contributory, on or after 7/1/2005,	
but prior to 7/1/2007	2.03%
Contributory, on or after 7/1/2007	2.00%
Non – Contributory	1.72%

Members are eligible to retire with a full benefit under the following conditions:

- (a) At age 65 with 5 years of service,
- (b) At any age with 28 years actual service,
- (c) At age 60 with 20 years of actual service if under the old contributory plan (prior to July 1, 2005), or
- (d) At age 55 with 35 years of credited service for elected or public safety officials

#### NOTE 6: <u>DEFINED BENEFIT PENSION PLAN</u> (CONTINUED)

#### Benefits Provided (Continued)

Members may retire with a reduced benefit at age 55 with at least 5 years of actual service at age 55 or at any age with 25 years of service. Members are eligible for disability benefits with 5 years of service. Disability benefits are computed as an age and service benefit, based on service and pay at disability. Death benefits are paid to a surviving spouse as if the member had 5 years of service and the monthly benefit is computed as if the member had retired and elected the Joint & 75% Survivor option. A cost – of – living adjustment of 3% of the current benefit is added each year.

#### Contributions

Contribution requirements are set forth in Arkansas Code Annotated, Title 24, Chapter 4. The contributions are expected to be sufficient to finance the costs of benefits earned by members during the year and make a level payment that, if paid annually over a reasonable period of future years, will fully cover the unfunded costs of benefit commitments for services previously rendered (A.C.A. 24-2-701(a)). Members who began service prior to July 1, 2005 are not required to make contributions to APERS. Employers are required to contribute at a rate established by the Board of Trustees of APERS based on an actuary's determination of a rate required to fund the plan (A.C.A. 24-2-701(c)(3)). The Utility contributed 14.76% of compensation from January 1, 2018 until December 31, 2018. The Utility contributions for the year ended December 31, 2018 were \$22,521 and this amount is equal to the required contribution for the year.

#### **APERS Fiduciary Net Position**

Detailed information about APERS's fiduciary net position is available in the separately issued APERS Financial Report available at http://www.apers.org/annualreports.

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions

At December 31, 2018 the Utility reported a liability of \$112,629 for its proportionate share of the net pension liability. The collective Net Pension Liability was measured as of June 30, 2018, and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Utility's proportion of the Net Pension Liability was based on the employer's share of contributions to the pension plan relative to the total contributions of all participating employers. The Utility's proportion was .005135%.

## NOTE 6: <u>DEFINED BENEFIT PENSION PLAN</u> (CONTINUED)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources to Pensions (Continued)</u>

For the year ended December 31, 2018, the Utility recognized a pension expense of \$(90,876). At December 31, 2018, the Utility reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows		De	ferred Inflows
	of ]	Resources	<u>(</u>	of Resources
Differences between expected and				
actual experience	\$	1,791	\$	(1,182)
Changes of Assumptions		12,815		(6,966)
Net difference between projected				
and Actual Investment Earnings on				
Pension Plan Investments		-		(2,850)
Change in Proportion and				
Differences between Employer				
Contributions and Proportionate				
Share of Contributions		9,009		(2,699)
Contributions Made subsequent to				
the measurement date, net change		11,261		_
Total	\$	34,876	\$	(13,697)

\$11,261 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in the financial statements as follows:

2019	\$ 9,178
2020	\$ 6,151
2021	\$ (3,178)
2022	\$ (7,232)
2023	\$ -
Thereafter	\$ _

## NOTE 6: <u>DEFINED BENEFIT PENSION PLAN</u> (CONTINUED)

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method Entry Age Normal

Amortization Method Level of Percent of Payroll, Closed

Remaining Amortization Period 25 years

Asset Valuation Method 4-year smoothed market; 25% corridor

**Actuarial Assumptions:** 

Investment Rate of Return 7.15%

Inflation 3.25% wage inflation, 2.50% price inflation

Salary Increases 3.25 - 9.85% including inflation

Retirement Age Experience-based table of rates that are

specific to the type of eligibility condition

Mortality Table Based on RP-2000 Combined Health

mortality table, projected to 2020 using Projection Scale BB, set-forward 2 years

for males and 1 year for females

Average Service Life of All Members 4.1233

## NOTE 6: <u>DEFINED BENEFIT PENSION PLAN</u> (CONTINUED)

#### **Actuarial Assumptions (Continued)**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates are arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2018 are summarized in the table below:

		LONG-TERM
	TARGET	EXPECTED REAL
ASSET CLASS	<b>ALLOCATION</b>	RATE OF RETURN
<b>Broad Domestic Equity</b>	37%	5.97%
International Equity	24%	6.07%
Real Assets	16%	4.59%
Absolute Return	5%	3.15%
Domestic Fixed	18%	0.83%
Total	100%	

Total Real Rate of Return	4.71%
Plus: Price Inflation – Activity Assumption	2.50%
Net Expected Return	7.21%

#### **Discount Rate**

A single discount rate of 7.50% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.50%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to determine the total pension liability.

#### NOTE 6: <u>DEFINED BENEFIT PENSION PLAN</u> (CONTINUED)

## <u>Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in</u> the Discount Rate

The following presents the Utility's proportionate share of the net pension liability using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) that the current rate:

#### Sensitivity of Discount Rate

1% Lower	Discount Rate	1% Higher			
<u>6.15%</u>	<u>7.15%</u>	<u>8.15%</u>			
\$ 184,143	\$ 112,629	\$ 53,636			

#### NOTE 7: RISK MANAGEMENT

The Utility has purchased insurance policies from the Arkansas Municipal League as well as commercial carriers for various risks of loss related to torts; theft, damage or destruction of assets; errors or omissions; injuries to employees; or natural disasters. Payments and premiums for these policies are recorded as expenses of the Utility. Insurance settlements have not exceeded insurance coverage in any of the past three years. There were no significant changes in coverage compared to the prior year.

#### NOTE 8: SUBSEQUENT EVENTS

The City of Carlisle Water and Sewer Department did not have any recognized or nonrecognized subsequent events occur after December 31, 2018, the date of the statement of financial position. Subsequent events and transactions have been evaluated for potential recognition or disclosure through July 23, 2024, the date the financial statements were available to be issued.

# CITY OF CARLISLE WATER AND SEWER DEPARTMENT SCHEDULE OF BUDGETARY COMPARISON FOR THE YEAR ENDED DECEMBER 31, 2018

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

Mayor and City Council Members Carlisle, Arkansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the City of Carlisle Water and Sewer Department as of and for the year ended December 31, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the City of Carlisle Water and Sewer Department's basic financial statements, and have issued our report thereon dated July 23, 2024.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Carlisle Water and Sewer Department's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Carlisle Water and Sewer Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Carlisle Water and Sewer Department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Mayor and City Council Members Page Two

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiencies in internal control, discussed in the accompanying schedule findings and responses as item 2018-1 and 2018-2 that we consider to be a material weakness.

Management's response to these findings and recommendations accompanies this letter. We did not audit the City's response; and, accordingly, we do not express an opinion on it.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Carlisle Water and Sewer Department's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF CARLISLE WATER AND SEWER DEPARTMENT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2018

MATERIAL WEAKNESSES

2018-1: Internal Control – Accounts Receivable

Condition: Supporting documentation for adjustment transactions in customer billing subsidiaries that occurred during the December 31, 2018 fiscal year were not supported by adequate documentation.

Criteria: All transactions that occur should be supported by documentation that verifies the accuracy of financial reporting.

Cause: Procedures were not adequate to ensure that transactions that occurred during the December 31, 2018 fiscal year were supported by adequate documentation.

Effect: Adjustments to write off \$150,472 in customer account receivable that occurred during the December 31, 2018 fiscal year were not supported by adequate documentation.

Context: A sample of 286 customer accounts with transactions during the December 31, 2018 fiscal year contained billing adjustments amounting to \$71,633 that were not supported by documentation or approval.

Recommendation: The City of Carlisle Water and Sewer Department should ensure documentation of all billing adjustments be appropriately documented and authorized by the City Council.

Views of Responsible Officials and Planned Corrective Actions: Management concurs with this finding and will take appropriate action to correct this significant deficiency.

2018-2: Cash

Condition: Bank reconciliations had not been prepared on a timely basis.

Criteria: Bank statements should be reconciled to the general ledger on a monthly basis with any necessary adjustments made on a timely basis.

Cause: Adequate procedures to perform bank reconciliations had not been performed.

Effect: Adjusting entries were required to reduce bank balance for the general ledger by \$69,950.

## CITY OF CARLISLE WATER AND SEWER DEPARTMENT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2018

#### MATERIAL WEAKNESSES

2018-2: Cash (Continued)

Context: Five Department bank accounts had not been reconciled as of December 31, 2018.

Recommendation: Ensure that all bank statements has been reconciled to the general ledger at the end of each month and any necessary adjustments are posted to the general ledger.

Views of Responsible Officials and Planned Corrective Actions: Management concurs with this finding and will ensure that bank reconciliation are prepared in an appropriate manner.

Mike Cobb Cobb & Suskie P.O. Box 21675 Little Rock, AR 72221-1675

Dear Mr. Cobb:

The City of Carlisle has received the 2018 Water & Sewer Department Audit Findings and Recommendations and the City Council and I understand these findings.

#### 2018-1 Internal Control

The Department now requires that all adjustments to customer accounts receivable be reviewed and approved by the Department Head or an employee other than the person making the adjustment. Since the occurrence of the incidents referred to in this finding, new personnel have been assigned to work in the office of the water clerk and they have been appropriately trained as to the protocol in this matter.

#### 2018-2 Bank Reconciliations

The Department has assigned personnel to get the Department caught up on its monthly bank reconciliations. Any adjusting entries related to these reconciliations are to be approved by the Department Head.

We believe that these actions constitute an adequate response to the audit findings mentioned above.

Please feel free to give me a call at 870.552.9420 or 870.552.3996 if you need additional information or have questions.

Sincerely,

Ray Glover Mayor

City of Carlisle
