**INDEPENDENT ACCOUNTANT'S COMPILATION REPORT**

**To the Mayor, Town Council and Management  
of the Town of Dyess, Arkansas Water and Sewer Department  
Dyess, Arkansas**

Management is responsible for the accompanying financial statements of the Town of Dyess Water and Sewer Department (the "Department") business-type activities, which comprise the statement of assets, liabilities, and net position – modified cash basis as of December 31, 2022 and the related statement of cash receipts and cash disbursements for the year then ended, and for determining the modified-cash basis of accounting is an acceptable financial reporting framework. I have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. I did not audit or review the financial statements, nor was I required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, I do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The financial statements are prepared in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has elected to omit substantially all of the disclosures ordinarily required in financial statements prepared in accordance with the modified cash basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Department's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.
