**INDEPENDENT ACCOUNTANTS' REPORT  
ON APPLYING AGREED-UPON PROCEDURES**

To the Murfreesboro Water & Sewer Commission  
Murfreesboro, Arkansas

We have performed the procedures enumerated below on the accounting records of Murfreesboro Water & Sewer System as of and for the year ended December 31, 2024. Murfreesboro Water & Sewer System's management is responsible for the accounting records.

Murfreesboro Water & Sewer System has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of satisfying annual reporting requirements of the Arkansas Division of Legislative Audit. Additionally, the Arkansas Legislative Joint Auditing Committee has agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

**1. Cash and Investments**

- a. Perform a proof of cash for the year and reconcile year-end bank balances to book balances.
- b. Confirm with depository institutions the cash on deposit and investments.
- c. Agree the proof of cash ending balances to the book balances within 5% or \$500, whichever is greater.

We found no exceptions as a result of the procedures.

**2. Receipts**

- a. Agree the deposits per the proof of cash for the year with the deposits per the journal within 5% or \$500, whichever is greater.
- b. Agree ten customer payments on the accounts receivable sub ledger to deposit and billing documents.
- c. For one deposit, agree the cash/check composition of the deposit with receipt information.

We found no exceptions as a result of the procedures.

**3. Accounts Receivable**

- a. Agree ten customer billings to the accounts receivable sub ledger.
- b. Determine that five customer adjustments were properly authorized.

We found no exceptions as a result of the procedures.

**305 Professional Park Dr.  
ARKADELPHIA, AR 71923**

**Office: 870.246.4563  
Fax: 870.246.6114**

**416 N Washington St.  
MAGNOLIA, AR 71753**

**Office: 870.234.7611  
Fax: 870.234.8529**

4. Disbursements

- a. Agree the disbursements per the proof of cash for the year with the disbursements per the journal within 5% or \$500, whichever is greater.
- b. Analyze all property, plant and equipment disbursements.
- c. Select all disbursements paid to employees other than payroll and ten other disbursements and determine if they were adequately documented.

We found no exceptions as a result of the procedures.

5. Property, Plant, and Equipment

- a. Determine that additions and disposals were properly accounted for in the records. (Materiality level – 5% of total equipment or \$500, whichever is greater.)

We found no exceptions as a result of the procedure.

6. Long-Term Debt

- a. Schedule long-term debt and verify changes in all balances for the year.
- b. Confirm loans, bonds, notes, and contracts payable with lender/trustee/contractor.
- c. Determine that the appropriate debt service accounts have been established and maintained.

We found no exceptions as a result of the procedures.

7. General

- a. Determine that any items of financial significance were approved and documented in the minutes of the governing body's meetings.

We found no exceptions as a result of the procedure.

We were engaged by Murfreesboro Water & Sewer System to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accounting records of Murfreesboro Water & Sewer System. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Murfreesboro Water & Sewer System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of Murfreesboro Water & Sewer System and the Arkansas Legislative Joint Auditing Committee, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

Murfreesboro Water & Sewer System  
Murfreesboro, AR

Management is responsible for the accompanying financial statements of Murfreesboro Water & Sewer System, which comprise the statements of net position as of December 31, 2024 and 2023, and the related statements of revenue, expenses and changes in net position, and cash flows for the years then ended, and related notes to the financial statements as listed in the table contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has omitted the management's discussion and analysis and budgetary comparison schedule that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

Note 1. Significant Accounting Policies:

The Murfreesboro Water & Sewer System is an Enterprise Fund of the City of Murfreesboro, Arkansas. The System is governed by a three-member commission. The accompanying financial statements and other information reflect the Murfreesboro Water & Sewer System fund and do not include other funds of the City of Murfreesboro, Arkansas.

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. The System applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The System applies Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements in which case, GASB prevails.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Inventory is stated at the lower of cost or market. Cost is determined primarily by the first-in, first-out method.

The System uses the direct charge-off method for uncollectible accounts receivable. Due to the history of a very small amount of write-offs each year, management does not feel that there is a need to establish an allowance for doubtful accounts and the effect of such an allowance would be immaterial.

Plant infrastructure and equipment are stated on the basis of cost, and depreciation is calculated using the straight-line method over the estimated useful lives as follows:

	<u>Years</u>
Water and Sewer Plant	10 - 50
Equipment	5 - 25

Depreciation is partially funded by transfers to the depreciation fund at the rate of 3% of gross revenues of the System.

For purposes of the Statement of Cash Flows, the System considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

The System requires every customer to pay a cash meter deposit before service is provided. Concentrations of credit risk with respect to trade receivables are limited by these deposits. The System monitors its exposure for credit losses.

Management has evaluated subsequent events through January 28, 2025, the date the financial statements were available for issuance.

Total	<u>\$ 1,231,068</u>	<u>\$ 179,203</u>	<u>\$ 59,057</u>	<u>\$ 1,469,328</u>

Note 4. Contributed Capital and Net Position:

Contributed Capital represents grants received to assist in financing construction of new additions or replacements to the System. Contributed Capital also includes the value of system additions paid for by customers.

Note 5. Public Fund Deposits and Investments:

State law generally requires that City funds be deposited in federally insured banks located within the State of Arkansas. The deposits may be in the form of checking accounts, savings accounts, and/or time deposits. Public funds may also be invested in direct obligations of the United States of America and obligations the principal and interest on which are fully guaranteed by the United States of America. All cash funds of the Systems, except bonds funds held by the trustees of prior bond issues, are deposited in accounts in the name of Murfreesboro Water & Sewer System in financial institutions permitted by law.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Murfreesboro Water & Sewer System does not have a policy for custodial credit risk. The carrying value of the System's accounts and investments at December 31, 2024 was \$1,065,822. On that date, deposits in financial institutions, reported as components of cash, cash equivalents, and investments, had bank balances of \$1,107,613 before adjustment for outstanding items. Financial institutions pledged securities with a fair market value of \$959,005 to collateralize deposits.

The securities held as collateral are classified as to credit risk under three categories, as follows:

- Category 1: Collateralized with securities held by the System or by its agent in the System's name.
- Category 2: Collateralized with securities held by the pledging financial institution's trust department or agent in the System's name.
- Category 3: Uncollateralized - this includes held by the pledging financial institution's trust department or agent but not in the System's name.

All securities are classified under Category 3, above.

Note 5. Public Fund Deposits and Investments: (Continued)

Federal Deposit Insurance Corporation coverage allows for \$250,000 of coverage on all accounts deposited within each financial institution participating in the FDIC program. We were unable to determine the amount of FDIC coverage for Murfreesboro Water & Sewer System's accounts and investments. FDIC coverage is provided on an entity level to be shared jointly by all City of Murfreesboro accounts and investments at a financial institution.

Investment Interest Rate Risk: Murfreesboro Water & Sewer System does not have an investment interest rate risk. All investments are twelve-month certificates of deposit and the System is under no obligation to renew upon maturity.

Investment Credit Risk: Murfreesboro Water & Sewer System does not have a formal investment policy. All investments are short-term certificates of deposit with banks authorized by state law to receive deposits of public funds and with which the System has a collateral agreement.

Foreign Currency Risk: Murfreesboro Water & Sewer System has no exposure to foreign currency risk.

Note 6. Risk Management:

The System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The town of Murfreesboro maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the System.

Note 7. Major Customer:

The System furnishes water to the City of Delight, Pike City Rural Water District and South Pike County Water Facility for \$2.50 per thousand gallons. These agreements represent water billings for the year ended December 31, 2024 of \$101,556; \$36,104; and \$52,108; respectively. Accounts receivable from the City of Delight, Pike City Rural Water District and South Pike County Water Facility on December 31, 2024 were \$6,995; \$2,913; and \$3,235, respectively.

Note 8. 1987 Revenue Bonds:

In 1987, the System entered into a loan agreement with the United States Department of Agriculture, Rural Development for \$780,000. The loan was for the purpose of providing construction funds for improvements to the sewer collection and disposal facilities of the System. This is a 5% note to be paid in full in August of 2027.

MURFREESBORO WATER & SEWER SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024

Page 13

Note 8. 1987 Revenue Bonds: (Continued)

The note agreement requires Murfreesboro Water & Sewer System to open and fund a 1987 Debt Service Fund. The Debt Service Fund is to be funded with monthly transfers into the account equal to the next month's principal and interest, \$3,799, plus the additional sum of \$380. When the Debt Service Fund reaches and maintains the equivalent of 12 monthly installments, \$45,600, the additional amount of \$380 shall not be made.

Account balance on December 31, 2024 and 2023 was \$46,914 and \$46,277, respectively.

Note 9. 2002 Revenue Bonds:

In December 2002, the System issued a Revenue Bond to the Arkansas Development Finance Authority for \$2,500,000. The bond was issued to Finance a new water and sewer plant and additional water storage. This is a 2.9% bond, with a 1% administrative fee, to be paid over 30 years. The bond is secured with a pledge of the utility System's revenues.

The bond agreement requires the Murfreesboro Water & Sewer System to open and fund the following accounts:

Debt Service - Regular annual/semiannual bond payments of approximately \$71,025 due April 1st and October 31st of each year. Account balance on December 31, 2024 is \$24,427. Monthly payments to ADFA accumulate until the semiannual payment is due. Next payment due is April 30, 2025.

Depreciation Reserve - \$11,494 is to be accumulated at a rate of \$960 per month. Account balance on December 31, 2024 and 2023 was \$84,262 and \$80,058, respectively.

Note 10. Retirement Plan:

The System participates in the Nationwide Retirement Solutions Deferred Compensation Plan (a 457 supplemental retirement plan). All full-time employees hired after January 1, 2006 are eligible to participate in the retirement program. The System will match up to 3% of any full-time employee's gross income who is qualified for retirement after one year of employment. There is no required minimum.

Contributions to Nationwide Retirement Solutions for the year ended December 31, 2024 and 2023 were \$5,919 and \$4,369, respectively. Employees are allowed to make salary deferred contributions to the Plan, subject to IRS limitations.
