**INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES**

To the Town of Oak Grove Water Department
Oak Grove, Arkansas

I have performed the procedures enumerated on the accompanying schedule of procedures and findings, which were agreed to by the Town of Oak Grove Water Department (the Department), solely to assist you with respect to the accounting records of the Department for the year ended December 31, 2022. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable professional standards, including the AICPA's *Code of Professional Conduct*, and its ethical principles of integrity, objectivity, professional competence, and due care. The sufficiency of these procedures is solely the responsibility of those charged with governance of the Department. Consequently, I make no representation regarding the sufficiency of the procedures described on the accompanying schedule either for the purpose for which this report has been requested or for any other purpose.

I was not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion on the financial statements of the Department taken as a whole. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of the Town of Oak Grove Water Department, the Arkansas Legislative Joint Auditing Committee, and the USDA and should not be used by anyone other than these specified parties.

SCHEDULE OF PROCEDURES AND FINDINGS
DECEMBER 31, 2022
(See Independent Accountant's Report)**

General

1. Procedure – Determined that all items of financial significance were approved and documented in the minutes of the governing body's meetings.

Finding – No exceptions; all matters of financial significance appeared to be approved and documented in the minutes of the town council meetings.

Cash and Investments

1. Procedure – Performed a proof of cash for the year and reconciled year-end bank balances to book balances within 5% or \$500, whichever was greater.

Finding – No exceptions noted.

2. Procedure – Confirmed with depository institutions the cash on deposit.

Finding – No exceptions noted.

Cash Receipts

1. Procedure – Agreed the deposits per the proof of cash for the year with the deposits per the cash receipts journal within 5% or \$500, whichever was greater.

Finding – No exceptions noted.

2. Procedure - Agreed ten customer payments on the accounts receivable sub-ledger to deposit and billing documents.

Finding – No exceptions noted.

(See Independent Accountant's Report)**

Cash Disbursements (Continued)

3. Procedure – Selected all disbursements paid to employees other than payroll and ten other disbursements and determined if they were adequately documented.

Finding – Invoices were located for all disbursements, and void checks appropriately signed. All invoices were approved and cancelled. No exceptions noted.

Property, Plant, and Equipment

1. Procedure – Determined that additions and disposals were properly accounted for in the records.

Finding – No additions or disposals noted.

Long-Term Debt

1. Procedure – Scheduled long-term debt and verified changes in all balances for the year.

Finding – No exceptions noted.

2. Procedure – Confirmed loans, bonds, notes, and contracts payable with lender.

Finding – There is only one note payable, which is to the United States Department of Agriculture. The annual statement provided by USDA is well-known to this firm. This was provided by the Department, and with the risk of irregularity considered low for this area, the decision was made to pass on the actual confirmation and rely upon the annual statement.

3. Procedure – Determined that the appropriate debt service accounts have been established and maintained.

Finding – No exceptions noted.

TOWN OF OAK GROVE WATER DEPARTMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021
(See Independent Accountant's Compilation Report)

Note 1 – Organization and Financial Reporting Entity

The Town of Oak Grove, Arkansas operates under a town council form of government and provides general administrative services as authorized by its charter. Water services are provided by the Water Department. The financial reporting entity in these financial statements is the Town of Oak Grove Water Department (the Department), which is a part of the Town of Oak Grove, Arkansas. The financial statements presented herein do not include any other funds or component units of the Town of Oak Grove, Arkansas.

Note 2 – Summary of Significant Accounting Policies

The accounting policies of the Department conform to generally accepted accounting principles applicable to proprietary funds of governments. The following is a summary of the more significant accounting policies:

Fund Accounting – The accounts of the Town are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The accounts of the Department are grouped, in the financial statements presented, into one fund type, known as an enterprise fund, which is a proprietary fund type. An enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Basis of Accounting – The Department utilizes the accrual basis of accounting, as permitted by state statutes and required by generally accepted accounting principles. Under this basis of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred, regardless of when paid.

Cash and Cash Equivalents – For purposes of the statements of cash flows, the Department considers the operating account to be the cash account. All other deposits and certificates of deposit are considered to be investments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021
(See Independent Accountant's Compilation Report)

Note 2 – Summary of Significant Accounting Policies (Continued)

Vacation and Sick Leave – Utilization of accumulated vacation and sick leave by employees in futures years is not expected to have a material impact on Department expenditures in any one year.

Budgets and Budgetary Practices – Annual budgets are submitted to USDA for approval and used as a management tool for control of expenses.

Encumbrances – Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not utilized by the Department. At present, it is not considered necessary to assure effective budgetary control or to facilitate effective cash planning and control.

Depreciation – Fixed Assets are recorded at cost. Depreciation is provided in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives on the straight-line basis.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and the differences could be material.

Note 3 – Restricted Cash and Fund Equity

Cash and the corresponding fund equity is considered restricted when it is transferred to the meter deposit account, required debt reserve, and required depreciation reserve.

Note 4 – Accounts Receivable

Accounts receivable consists of amounts due from water customers. Based on past experience with customers water utility collections, management has determined that an allowance for doubtful accounts is not necessary.

TOWN OF OAK GROVE WATER DEPARTMENT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021
(See Independent Accountant's Compilation Report)

Note 7 – Customer Meter Deposits

Customer meter deposits vary from \$20 to \$50 depending on the date service began. Meter deposits are refundable and may be used toward the final water bill.

Note 8 – Subsequent Events

Management has evaluated subsequent events through April 4, 2023, the date the financial statements were available to be issued.

The spread of COVID-19 continues to impact many local economies. The Department has determined that these events are non-adjusting subsequent events. Accordingly, the financial position and results of operations as of and for the year ended December 31, 2022 have not been adjusted to reflect their impact. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of the response, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the Department for future periods.

Note 9 – Concentrations of Credit Risk

Financial instruments that potentially subject the Department to concentrations of risk consist primarily of accounts receivables. The Department's accounts are from customers in Oak Grove, Arkansas. However, the Department has not experienced any problems in the past and does not anticipate any future problems related to their receivables.
