## Special Report Arkansas Legislative Audit

**Information Regarding Arkansas District Courts** For the Period January 1, 2023 through December 31, 2023

## **INTRODUCTION**

This report is issued pursuant to a request, approved by the Legislative Joint Auditing Committee, for Arkansas Legislative Audit (ALA) to obtain selected information concerning Arkansas District Courts, which were excluded from a previously issued ALA special report that addressed the same objectives for the Arkansas Supreme Court, Court of Appeals, and Circuit Courts.<sup>1</sup> This report was requested to help the House and Senate Judiciary Committees comply with Act 38 of 2023, which requires (a) a legislative study of financial matters related to the court system and (b) consideration of any legislative changes necessary to address issues identified during the study. Overall, for the period reviewed, annualized revenues or funding inflows for the State's District Courts totaled \$119.4 million, while annualized expenditures or funding outflows totaled \$80.2 million, as shown in **Exhibit VII on page 13**.

## **OBJECTIVES**

The objectives of this report were to:

- Provide the structure and history of District Courts in the State.
- Categorize caseloads of District Courts.
- Describe how funds for District Courts flow between state government and local governments.
- Compile a list of revenue by source, by District.<sup>2</sup>
- Provide local- and state-funded salary expenditures by District.
- Provide additional local- and state-funded expenditures by District.

## SCOPE AND METHODOLOGY

This review was conducted for period January 1, 2023 through December 31, 2023. The information provided in the report was obtained from the Arkansas Administrative Statewide Information System (AASIS); certain relevant sections of Arkansas Code; relevant reports from various state agencies; and documentation from local government entities, as requested by ALA staff. It should be noted that three entities, identified in **Appendix A**, provided none of the information ALA requested, and ALA could not obtain the information through alternate procedures.

<sup>1</sup>Special Report – Information Regarding the Arkansas Supreme Court, Court of Appeals, and Circuit Courts – For the Period January 1, 2013 through June 30, 2015 (SPSA01315) is available on the ALA website at <u>www.arklegaudit.gov</u>.

<sup>2</sup> The word "District," when used in isolation in this report, refers to the 39 Districts for State District Courts and the 10 Districts for Local District Courts that are identified in **Exhibit II on page 4.**

## STRUCTURE AND HISTORY OF ARKANSAS COURTS

The current structure of the Arkansas court system is provided in **Exhibit I on page 3**. This report focuses on State and Local District Courts.

## **Arkansas District Courts**

Prior to 2001, the State maintained separate courts of law and courts of equity,<sup>3</sup> resulting in confusion regarding proper jurisdiction. Effective July 1, 2001, Amendment 80 to the Arkansas Constitution eliminated the separate courts of law and equity. As a result, Circuit Courts became the general jurisdiction trial courts for the State, hearing civil and criminal cases not exclusively belonging to another court. Based on its authority over lower courts, the Supreme Court required Circuit Courts to establish five subject matter divisions in each county: criminal, civil, domestic relations, probate, and juvenile.

Although Circuit Courts are the general jurisdiction courts for the State, some matters are assigned to District Courts. Ark. Const. amend. 80, § 7, established District Courts as the trial courts of limited jurisdiction as to amount and subject matter, subject to the right of appeal to Circuit Courts for a new trial. There shall be at least one District Court in each county, and a District Judge may serve in one or more counties. Ark. Const. amend. 80, § 10, states that the General Assembly shall have the power to establish judicial districts and the number of judges for District Courts, provided districts are comprised of contiguous territories.

Arkansas Supreme Court Administrative Order 18, effective January 1, 2005, required that District Court Judges establish four subject-matter divisions in each district court: criminal, civil, traffic, and small claims. Although sessions of District Court may be held in multiple departments or physical locations, each department maintains its own docket.

Act 663 of 2007 created the District Court Resource Assessment Board (DCRAB), a pilot program of full-time District Court Judges who are employees of the State, and consolidated City Courts with District Courts. As noted in this Act, the General Assembly found that the goal expressed with the adoption of Ark. Const. amend. 80 was the creation of a three-tiered, unified court system; the current structure of the limited jurisdiction courts at the time consisted of a combination of full-time and part-time District and City Court Judges funded by city and county governments; and the cumulative effect of the creation and funding of these courts by local governments was an unequal level of access to, and an inequitable distribution of, judicial services to communities. As there was a state interest in providing a more uniform level of judicial resource to all, it was determined that a pilot program that created a limited number of state-funded District Court judgeships be implemented. An analysis by the State regarding the goal of a unified and equitable system for the delivery of judicial services was to be performed in the consideration of establishing additional District Courts in the future.

Act 1219 of 2011 created State District Courts. As noted in this Act, DCRAB studied the effectiveness of the State's creation of the pilot District Courts and found that they were successful in creating a more uniform and equitable judicial system, reducing the number of District and City Court Judges, maintaining the level of service to the communities served by the District and City Courts, allowing the shift of cases from Circuit to District Courts, decreasing the number of conflicts that required the appointment of special judges, and improving public access to the court system. As such, it was decided that the State would continue the incremental creation of the State District Courts served by full-time judges. It should be noted that, pursuant to Ark. Code Ann. § 16-17-1202, as of January 1, 2012, all City Courts were consolidated with District Courts, and former City Courts became known as departments of a District Court.

<sup>&</sup>lt;sup>3</sup>Often called "chancery courts," courts of equity handled lawsuits and petitions requesting remedies other than damages, such as writs, injunctions, and specific performance (https://dictionary.law.com).

## **Arkansas Courts Organizational Structure**

**Source:** https://arcourts.gov/sites/default/files/Arkansas-Court-Structure.pdf (unaudited by Arkansas Legislative Audit)

During calendar year 2023, the State had a total of 39 State District (numbered 1 - 41, except 16 and 36) and 10 Local District Courts, as shown in **Exhibit II**, which also indicates the judges in each District. The remaining 10 Local District Courts will no longer exist beginning in calendar year 2025 when they will become State District Courts as a result of Ark. Code Ann. §§ 16-17-1114 – 16-17-1116, and as shown in **Exhibit III on page 5**. Appendix A provides the counties, departments, and outlying jurisdictions that make up each District.

As reflected in **Exhibit I on page 3**, during calendar year 2023, there were 66 full-time State District Judges from the 39 districts and 10 Local District Judges; each judge serves a four-year term. Supreme Court Administrative Order 18 allows for State District Courts to have civil jurisdiction up to \$25,000 and small claims jurisdiction up to \$5,000, and they may hear limited Circuit Court matters. Administrative Order 18 allows for Local District Courts to have civil jurisdiction up to \$5,000 and small claims jurisdiction. Both State District Courts and Local District Courts also hear traffic violations and minor criminal matters.

## State Legal Personnel

## Prosecuting Attorneys and Deputy Prosecuting Attorneys

The State's Prosecuting Attorneys, who are state officials, are elected to four-year terms. Each Prosecuting Attorney serves one Circuit Court Judicial District. Deputy Prosecuting Attorneys provide assistance to, are appointed by, and may be removed by the elected Prosecuting Attorney. After being traditionally paid by counties, Deputy Prosecuting Attorneys became state employees in 1999, with each county becoming responsible for a portion of the costs of regular salaries and matching benefits as of January 1, 2000.

According to the Office of the Prosecutor Coordinator, Prosecuting Attorneys have a significant role in the prosecution of District Court cases. The 28 elected Prosecuting Attorneys and 280 statefunded Deputy Prosecuting Attorneys could occasionally represent the State in District Court prosecutions; however, only some regularly practice in District Court. During the review period, 89 Deputy Prosecuting Attorneys regularly practiced in District Court, and no Prosecuting Attorneys regularly appeared in District Court.

## Public Defenders

Until 1953, appointed Public Defenders for indigent defendants served without compensation. The entire cost of indigent defense was the responsibility of counties until 1985, when a series of Arkansas Supreme Court cases determined that the State was responsible for paying for the attorneys of indigent defendants, leading to the creation of the Arkansas Public Defender Commission (Commission) in 1993.

Currently, the Commission is responsible for payment of salaries for Public Defenders and support staff, as well as certain other expenses for indigent defendants listed in Ark. Code Ann. § 16-87-212. Public Defenders paid by the Commission are either state employee attorneys or contract attorneys. The Commission also pays costs related to expert witnesses, private investigators, and interpreters for indigent defendants.

According to the Commission, although contract attorneys can be appointed in District Court cases, very few were appointed during calendar year 2023. Expenses for contract attorneys, interpreters, and other professional services expenses for calendar year 2023 totaled \$8,389, as reflected in **Appendix K**.

## **Court Administration**

## Administrative Office of the Courts

The Administrative Office of the Courts (AOC) was established in 1965 as the Arkansas Judicial Department and renamed in 1989. The purpose of the AOC is to provide general support to the judicial branch for all non-judicial business through its various divisions. These divisions include functions such as human resource management, research and statistics, court interpretation, court technology administration, and judicial continuing education.

## Other Court Personnel

In addition to the offices described above, District Court Clerks also contribute to the operation of the court system. In accordance with Ark. Code Ann. § 16-17-211, the judge of any District Court may appoint a Clerk for the Court. The Court Clerk is employed and paid by the city or county. When the duties of the Court Clerk do not require a full-time employee, a city council may require that the Clerk's duties be performed by any other office of the city, except a member of the police department or marshal's office. The District Court Clerk shall keep a fair record of all the acts and proceedings of the court and shall enter all judgments of the court, under the direction of the judge.

## CASELOAD INFORMATION

Caseload information for calendar year 2023 for the District Courts and Public Defenders is presented by District in **Appendix B**.

## FLOW OF STATE-LEVEL COURT FUNDING

State-level funding support for operation of the District Court system comes from a variety of sources, which are discussed in the sections that follow.

## **Uniform Filing Fees and Court Costs**

At the various District Courts throughout the State, uniform filing fees and court costs of \$65 in the civil division and \$50 in the small claims division are collected for initiating a cause of action, in accordance with Ark. Code Ann. § 16-17-705. Additional court costs applicable to District Courts are authorized under Ark. Code Ann. § 16-10-305 and include \$300 for violations of the Omnibus DWI Act or the Underage DUI Law, \$75 for traffic offenses, \$100 for misdemeanor offenses, \$25 for non-traffic violations of local ordinances, \$25 for violation of mandatory seat belt law, and \$25 for failure to present proof of insurance.

## Administration of Justice (AOJ) Funds

## Remittances To

The various cities and counties are allowed to keep a designated amount of the uniform filing fee and court costs (often referred to as their "retained share") to fund their city- or county-level AOJ Fund. The designated amount is set forth in Ark. Code Ann. §§ 16-10-307, -308 and

certified by the Department of Finance and Administration (DFA) annually. **Appendix C** provides a copy of the Uniform Filing Fees Collection Remittance Form and Fine Report submitted to DFA monthly. The bottom portion of the form shown on **page C-1** applies to District Court collections, and **page C-2** further explains what makes up the collections, including the applicable authoritative guidance for the individual collections. **Appendix D** provides a list of the maximum retained share allowed, both monthly and annualized, by District. Amounts collected in excess of the DFA-certified amounts are remitted to the State AOJ Fund. An additional \$5 installment fee for District Courts only is collected in accordance with Ark. Code Ann. §16-13-704(b)(3)(E)(ii) and also remitted to the State AOJ Fund.

**Appendix E** provides a list of total remittances to the State AOJ Fund by the various District Courts. The amounts are broken out by amounts (a) exceeding the allowed retained share and (b) related to the \$5 monthly installment fee applicable to District Court operations only. **Exhibit IV** provides the top five and bottom five Courts that contribute to the State's AOJ Fund.

In addition to fees collected by the District Courts, uniform filing fees and court costs, as well as other miscellaneous fees or fines assessed by Circuit Courts, are deposited into the AOJ Fund. For calendar year 2023, the amounts deposited into the AOJ Fund totaled \$19.4 million for District Courts and \$5.3 million from Circuit Court collections.

## Distributions From

Monthly distributions are made from the AOJ Fund to various other state and non-state entities, as prescribed by Ark. Code Ann. § 16-10-310. Because of past shortfalls in the fund balance, legislation requires that salaries for court reporters, trial court administrators, and the Arkansas District Judges Council be funded at 100%. Additionally, bond requirements provide for preferential payments to the Justice Building Construction Fund. Distributions outside of these preferential categories are proportionally reduced in equal percentages. **Appendix F** provides all distributions from the AOJ Fund for calendar year 2023, which totaled \$21.4 million. It should be noted that, among these distributions, amounts were transferred into the AOC, the Office of the Prosecutor Coordinator, and the Arkansas Public Defenders Commission, as shown in **Exhibit V**. Of the \$15.8 million transferred to AOC, \$34,149 funded District court expenditures for District Judges' and Clerks' continuing education, as reflected in **Appendix K**.

## **Miscellaneous Fines Collected and Remitted to DFA**

Other miscellaneous fees are collected by both District and Circuit Courts, remitted to DFA, and deposited into various other funds that do not flow through the AOJ Fund. The Miscellaneous Fees and Fines form submitted monthly to DFA by both District and Circuit Courts is provided in **Appendix G**.

During calendar year 2023, District Courts collected approximately \$6.2 million, as noted in **Appendix H**. Items for which collections totaled a minimum of \$100,000 are noted in **Exhibit VI on page 9**. These seven items compose nearly 95% (approximately \$5.8 million) of all District Court collections.

Two of these, installment fee revenue (MJF) and court technology fees (MJF2) are for the benefit of AOC and are deposited into the Judicial Fine Collection Enhancement Fund. These collections are utilized to purchase computer hardware that is made available to designated entities responsible for

assisting with the assessment, collection, and reporting of fines. AOC also utilizes the funds to purchase or develop computer software to provide for the uniform assessment, collection, management, and reporting of fines.

The installment fee revenue is authorized under Ark. Code Ann. § 16-13-704 and, as previously noted, consists of a \$5 monthly installment fee applicable to District Courts that helps fund the AOJ Fund. An additional \$5 installment fee creates an overall monthly installment fee totaling \$10. Of this additional \$5 fee, \$2.50 goes to fund the AOC Judicial Fine Collection Enhancement Fund, and \$2.50 is retained locally, in the District Court Automation Fund, to be used to fund District Court-related technology.

The court technology fee, authorized under Ark. Code Ann. § 21-6-416, requires a \$15 fee per filing, and the entire fee is remitted to the AOC Judicial Fine Collection Enhancement Fund. **Appendix I** provides the total Judicial Fine Collection Enhancement Fund remittances by District for calendar year 2023. Also included are the total amounts collected and remitted by the Circuit Courts and some eFiling fees collected and remitted by the Arkansas Supreme Court, which are also for the benefit of the Judicial Fine Collection Enhancement Fund at AOC. Neither Circuit Court nor Supreme Court collections are reflected in **Exhibit VI**.

## Collections for District Judges' Salaries (Proportional Share) Remitted to Auditor of State

In accordance with Ark. Code Ann. § 16-17-1106, the State shall pay the salary and benefits of State District Court Judges. However, each county and town or city in a District in which a State District Court judgeship was created is required to remit a proportionate share of one-half of the base salary established by law to the AOJ Funds Section at DFA. The total proportional amount for each State District Judge is \$58,650. For calendar year 2023, there were 66 State District Court Judges, and the total proportional amount remitted to DFA was \$3.8 million, as reflected in **Appendix J.** 

It should be noted that DFA records this amount as revenue of the Auditor of State, specifically as "Collections for District Judges' Salaries," since the Auditor of State pays the salaries of all State District Court Judges. However, this amount may also be reflected as an expense for local entities, as it is an outflow of funds at the local level.

## County Aid Fund

Throughout the year, funds are transferred from the County Aid Fund to the Auditor of State for payment of Deputy Prosecuting Attorney salaries. This amount totaled approximately \$5.0 million for calendar year 2023. However, as reflected in **Appendix J**, only the proportional amount, totaling \$1.2 million, applicable to the salary expense of the Deputy Prosecuting Attorneys who regularly participate in District Court is included.

## Constitutional Officers Fund

Sufficient amounts are transferred from the Constitutional Officer's Fund to the Auditor of State to pay salaries, benefits, and travel expenses of the State District Court Judges. As reflected in **Appendix J**, after adjusting for the proportional share of District Judges' salaries remitted to the Auditor of State, these transfers totaled \$10.6 million for calendar year 2023.

## Public Defender User/Attorney and Bond Issuance Fees

In addition to the funds received from the State Central Services Fund and the AOJ Fund, the Public Defender Commission receives fees paid by indigent defendants for the use of Public Defenders and funds via professional bail bondsman fees, as defined by Ark. Code Ann. § 17-19-301. As reflected in **Appendix J**, these amounts totaled \$238,915 and \$904,560, respectively, for calendar year 2023. It should be noted that the bail bondsman fees are applicable to both District Court and Circuit Court activities and cannot be broken out between the two.

## State Central Services Fund

Much of the state-level support of court operations comes from the State Central Services Fund, which is comprised of special revenues, a share of certain fees calculated on general and special revenues, and service charges from agencies with cash funds. As reflected in **Appendix J**, distributions in relation to District Court operations of the following entities totaled \$11.9 million for calendar year 2023:

- \$6.5 million to the Auditor of State.
- \$4.0 million to the Public Defender Commission.
- \$1.1 million to the Office of the Prosecutor Coordinator.
- \$333,690 to AOC.

## Funds from Other Sources

Funds from other sources flow into the court system to support operations. These include federal grant funds received by both the Office of the Prosecutor Coordinator as well as AOC. The relevant amounts are presented in **Appendix J**.

## Flow of Local-Level Court Funding

Like state-level funding, local-level funding support for operations of the District Courts comes from a variety of sources, including counties, cities, and towns. Certain fees that produce this funding, as established by Arkansas Code, are described below:

- Bail bond fee of \$20 is remitted to the Public Defender Commission. Of each \$20 fee, \$3 is remitted quarterly to the county to defray the operating expenses of the Public Defender Office (Ark. Code Ann. § 17-19-301).<sup>4</sup>
- District Court installment fees are to be used to fund District Court-related technology (Ark. Code Ann. § 16-13-704). This is the \$2.50 portion of the installment fee, previously noted on **page 9**, that is retained locally in the District Court Automation Fund.

Additional funding comes from the Court Security Grant Program, which is administered by the AOC to provide financial assistance to local governments for implementation of physical security and emergency preparedness plans for Circuit and District Courts (Ark. Code Ann. § 16-10-1006). Although considered a funding source or revenue for the local government, it is also considered an expense at the state level. **Appendix K**, which presents the state non-personnel expenditures by District Court, includes the composition of the \$155,797 in Court Security Grants issued by the AOC during calendar year 2023.

In addition, Ark. Code Ann. §§ 16-10-307 and -308 established the County AOJ Funds and City AOJ Funds, respectively. The uniform filing fees previously discussed, which are collected by District Courts, fund either the City AOJ Fund or the County AOJ Fund before any amounts that exceed the DFA-authorized retained share are sent to the State AOJ Fund. It should be noted that the amounts fund the City AOJ Fund unless the District Court is funded solely by the county. If funded solely by the county, then the amount funds the County AOJ Fund. The County and City AOJ Funds are used to defray part of the expenses of the administration of justice and to fund local agencies and programs previously funded from local filing fees and court costs.

The largest portion of funding comes from the collection of various fines that the counties, cities, and towns are primarily allowed to retain. In accordance with Ark. Code Ann. § 16-17-707, all fines that arise from the "first class of accounting records"<sup>5</sup> that are not specified by law to go to a particular fund from city cases go to the City General Fund, and all fines that arise from the "second class of accounting records"<sup>6</sup> not specified by law to go to a particular fund from county General Fund. **Appendix L** provides the local revenues for calendar year 2023 by District Court.

<sup>&</sup>lt;sup>4</sup> County Public Defenders participate in both Circuit and District Courts.

<sup>&</sup>lt;sup>5</sup> "The first class of accounting records shall embrace all sums collected in the district court in all nontraffic cases which are misdemeanors or violations of the town or city ordinances and all cases which are misdemeanors or violations under state law or traffic offenses which are misdemeanors or violations under state law or town or city ordinance committed **within the corporate limits of the town or city where the court sits**, where the arresting officer was a police officer or other officer of the town or city, a Division of Arkansas State Police officer or other certified law enforcement officer of the state, or an officer of a private or public college or university located within the corporate limits of the town or city where the court sits" (Ark. Code Ann. § 16-17-707(a)(1)) (emphasis added).

<sup>&</sup>lt;sup>6</sup> "The second class of accounting records shall embrace all sums collected in the district court in all nontraffic cases which are misdemeanors or violations of county ordinances or are misdemeanors or violations of any of the laws of the state **where the arresting officer was the county sheriff or a deputy sheriff** or was not a police officer or other officer of the town or city where the court sits, and the offense was committed outside the corporate limits of the town or city where the court sits, and in all other criminal or traffic proceedings not specifically enumerated in this section" (Ark. Code Ann. § 16-17-707(a)(2)) (emphasis added).

## COURT EXPENDITURES

## Court Salary Costs

State salary costs information, as noted in **Appendix M**, includes salaries and benefits paid to the 66 State District Judges, and those Deputy Prosecuting Attorneys and Public Defenders who have been identified as regularly participating in District Court operations. Additional state salary costs include salary and benefits of the (a) Office of the Prosecutor Coordinator, as its employees produce and promote in-state training and continuing education programs as well as provide various other resources that assist Prosecuting Attorneys and of (b) AOC Court Automation personnel, as these positions are funded with Judicial Fine Collection Enhancement funds. As previously noted, AOC court automation is utilized in part to develop computer software to provide for the uniform assessment, collection, management, and reporting of fines.

Local salary costs include salaries and benefits of District Judges, District Court clerks, and other personnel who participate in District Court operations. These amounts can be found in **Appendix N**.

Local costs can be funded in a variety of ways by various entities in the District, including counties, cities, or towns. This cost-sharing agreement may or may not be documented in what is often referred to as an Interlocal Agreement. A list of all entities that are part of a District and whether an Interlocal Agreement was provided as part of this review can be found in **Appendix A**.

## Court Non-Salary Costs

State non-salary costs, as noted in **Appendix K**, include District Judges' travel reimbursement expenses, AOC interpreter expenses, AOC Court Security Grants, AOC training expenditures for both District Judges' and Clerks' continuing education, AOC court automation expenses, contract attorneys, interpreters and other professional services of the Public Defender Commission, and non-personnel expenses of the Prosecutor Coordinator's Office.

Local non-salary costs includes expenses related to supplies, other services and charges, capital outlay, and debt services that pertain to District Court operations. These amounts can be found in **Appendix N**.

As previously noted, costs may be shared by various entities, as reflected in **Appendix A**.

## SUMMARY

Overall, District Court annualized revenues, or funding inflows, totaled \$119.4 million, including \$59.3 million from state-generated revenues and \$60.1 million from local entities, as shown in **Exhibit VII on page 13** and **Appendices J and L**. Annualized expenditures totaled \$80.2 million, including \$35.9 million in state costs and \$44.3 million from local entities. The breakout of these costs is reflected in **Appendices K**, **M**, **and N**. The \$23.4 million excess at the state level is primarily attributed to including the State AOJ revenues of \$24.7 million, as reflected in **Appendices E and J**, and there being minimal expenses associated with District Courts.

**Note:** Alpena and Rockport provided none of the requested information to ALA, and ALA could not obtain the information through alternate procedures. Haskell contracts with Bryant to run the Court; therefore, most of the expenditures (including Court Automation) were included with that Court. However, Haskell did not provide any general fund revenues (fines and costs) or expenditures other than contract payments.

**Note 1:** According to Administrative Office of the Courts personnel, District Court case filings are composed of data from two sources: "Contexte Courts," which report case data individually through the centralized electronic case management system, and "Paper Courts," which report case data in the aggregate through monthly paper forms. Approximately two-thirds of the overall statewide volume of District Court filings are reported via paper forms. Both may be incomplete or underreported; however, data from Contexte Courts are absent on a case-by-case basis, while data from Paper Courts are missing by month, which may be more substantial. Also, Paper Courts report traffic and criminal charges individually because they are counted by type of violation, rather than by case. Criminal and traffic filings from Contexte Courts are also reported by charge, rather than case, for consistency. Civil and small claims filings are reported by case, which inflates the ratio of traffic/criminal to civil/small claims filings.

**Note 2:** According to the Public Defender Commission, these amounts only include the cases that the Commission is aware of, as they were self-reported by their Judicial District Offices. A complete count cannot be obtained since Public Defenders are being appointed without the proper paperwork formulated, which prevents statistics from being reported. This includes Affidavits of Indigency and User Fee forms.

**Note 3:** No central repository of information concerning Prosecuting Attorney caseload information was identified by Arkansas Legislative Audit.

## Distributions from the Administration of Justice (AOJ) Fund Calendar Year 2023

\* Items are 100% funded.

UA = University of Arkansas UALR = University of Arkansas at Little Rock

AOC = Administrative Office of the Courts

**Note:** According to the Department of Finance and Administration (DFA), the \$3.3 million variance between calendar year 2023 AOJ revenue, shown in Appendix E, and the amount of AOJ distributions, shown above, is primarily attributed to the practice of basing distributions on projections of collections. These projections are based on collections during prior fiscal years; collections have steadily declined and experienced a steep decline due to the COVID-19 pandemic. In addition, in order for DFA to fund Trial Court Administrators, Trial Court Reporters, and the District Court Judges Association for the District Coordinator on the first of each month, before any collections are received for that month, DFA has to maintain a balance in the fund.

* According to the Office of the Prosecutor Coordinator, these amounts represent the salaries of 89 of the 280 Deputy Prosecuting Attorneys who "regularly practice" in District Courts. However, it is not feasible to allocate with 100% accuracy how much should be allocated to District versus Circuit Court. Included in the 89 are two conflict attorneys that are assigned to cases in which Prosecuting Attorneys have a conflict of interest that prohibits them from prosecuting cases. \*\* According to the Public Defender Commission, the state employee attorneys, both-full-time and part-time, who appear in District Courts also have obligations in Circuit Court

\*\*\* These amounts were included as the revenues or inflows associated with the expense also included (e.g., all AOC Judicial Fine Collection Enhancement Fund revenues and all Criminal, Juvenile, and Probate Divisions. In addition, it should be noted that several smaller courts that the public defender has an obligation to cover exist within any given county.
