#### INTRODUCTION

This report is issued to inform the Legislative Joint Auditing Committee of compliance with state fiscal laws and regulations as well as deficiencies in internal controls for the Arkansas Public Service Commission. Assessment procedures disclosed no reportable items of noncompliance.

#### SCOPE AND METHODOLOGY

We performed an internal control and compliance assessment of the Arkansas Public Service Commission, a commission of Arkansas state government, as of and for the year ended June 30, 2023, and have issued our report dated September 4, 2024. Management of the Agency is responsible for establishing and maintaining internal controls and complying with applicable laws and regulations.

The assessment included cash on deposit, cash receipts, expenditures, liabilities, capital assets, and data entry to the Arkansas Administrative Statewide Information System (AASIS). The assessment consisted principally of inquiries, observations, analytical procedures, and selected tests of internal control policies and procedures, accounting records, and other relevant documents. We relied on financial data in AASIS recorded by the Agency and audit work conducted in the fiscal year 2023 State Annual Comprehensive Financial Report (ACFR) and Single Audit Report.

#### RESULTS OF ASSESSMENT

Assessment procedures did not disclose instances of noncompliance considered reportable.
